STATE OF SIEGE DECLARED AT LODZ

LODZ, RUSSIA, June 26--The Governor General has proclaimed a state of siege at Lodz.

JEWISH DISTRICTS IN REVOLT

Stores Are Closed and Traffic on the Streets Has Ceased--Ready For Battle.

WARSAW, Russian Poland, June 26, 2:25 a. m.—The Jewish districts are now in full revolt. The shops and stores are closed and traffic has ceased.

The street cars have been overturned to form the nucleus of barricades.

Great crowds are assembling in the streets and the ugly temper of both the populace and the troops threatens to break out in bloodshed at any moment. Thirty-four battalions of infantry are stationed in the town.

A bomb was thrown last night at a carriage occupied by the chief of police, K. M. Pavloff, of the town of Czenstochowa, government of Pietrkow. The chief of police and seven other persons were seriously wounded.

The city is in a state of siege. Patrols of cavalry and infantry are moving in every street.

The general strike which began today was preceded last night by attempts at red flag demonstrations, but the Cossacks charged and dispersed the rioters with their whips. On Vononia street a sullen crowd made a stand and a patrol fired three shots. Although thousands of workmen observed the strike, the tie-up is not complete. Many bakers have joined the workmen and Warsaw is threatened with a bread famine.

In some of the streets the workmen tried to throw up barricades and resist the troops.

SOLDIERS ARE CAMPED IN THE STREETS

WARSAW, Russian Poland, June 26, 1:48 a. m.—The city has the appearance of a military encampment. Infantry and Cossacks are bivouacked in the streets and patrols are circulating everywhere. The shops largely are closed, but cabs and street cars are still running.

Barricades have been erected at the corner of Ogrodowa and Zelazuat, and occasionally the crack of a rifle is heard as strikers shoot at men going to work.

VICTIMS OF OUTBREAK TOTAL OVER 1,200

LODZ, Russia, June 26.—It is said the number of victims of last week's outbreak total over 1200. Thus far the bodies of 243 Jews and 218 Christians have been buried. The wounded number over 700. Some semblance of order has been restored and the workmen are gradually returning to the factories.

General Maximovitch, the governor-general of Warsaw, was appointed March 5. On March 30 an imperial rescript was issued urging Maximovitch to elaborate police reforms.

On April 30 the Governor-General summoned the editors of the Warsaw papers to the castle and talked to them freely and in the most friendly manner, especially on the question of censorship, inviting them to come to him in case of any difficulty.

The next day Maximovitch prohibited the sale of revolvers, pistols and cartridges throughout the whole territory under his administration.

A plot to assassinate the Governor-General was discovered in the middle of April and soon afterwards it was reported that he had tendered his resignation, but had been prevailed upon to retain office.

On May 19 a bomb, doubtless intended for the Governor-General, was exploded in Miodowa street at noon, killing its possessor, a workmen and two detectives, and injuring twenty-three persons, including three women, one student and two schoolboys.

The Governor-General was attending services at the cathedral a few yards away from the scene of the explosion. Many threats have been made against the Governor-General, particularly since the May Day disturbances.

RED FLAG OF REVOLT HAS BEEN RAISED

ST. PETERSBURG, June 26.—The red flag of revolt has been raised at Warsaw, Kovno and other places in Russian Poland out of sympathy with the victims of the rioting at Lodz and so far as these cities are concerned the situation almost approaches the dignity of open rebellion. The news received at St. Petersburg is meagre on account of the vigorous censorship, but it is evident that the troops are being resisted and a repetition of the sanguinary encounters at Lodz is anticipated. The three big socialistic parties in Russian Poland are well organized and have some arms, but the authorities claim they have no chance of success single handed. Neither the Jewish Socialists called the Bund nor the Social-Democrats are separatists (as are what are known as the Polish Socialists) but they are all bitterly opposed to the existing government.

GERMAN FORCE IS DEFEATED

CAPE TOWN, Cape Colony, June 26.—The rebel leader Merengo has attacked and defeated a German force commanded by Captain Siebert at Amoas in the Karas Mountains, German Southwest Africa. All the German ammunition and supplies were carried off by the rebels. The losses are reported to have been heavy.

KITCHENER TO RULE THE ARMY

LORD KITCHENER GREETING AN OFFICER IN THE INDIAN ARMY.

Angered By the Appointment Lord Curzon Resigns as Viceroy of India.

SIMLA, India, June 26.—It is rumored that the Viceroy, Lord Curzon of Kedleston, has either already tendered his resignation or shortly will do so in consequence of the home government ruling whereby Lord Kitchener, commander-in-chief of the forces in India, has been given complete control of the army in India.

Two special meetings of the Indian Council have been held since the publication in London of the blue book referring to Lord Kitchener's plans, the approval of which is considered to be a severe blow to Lord Curzon, since he and especially the whole council unanimously advised against the decision ultimately adopted.

The keenest excitement prevails in official circles here.

The Times of India declares that India cannot afford to lose "either of the great men, Lord Curzon or Lord Kitchener, who dominate her affairs."

NO RESIGNATION YET.

LONDON, June 26.—While it is considered quite possible that Lord Curzon may tender his resignation because of the course taken by the home government directly at variance with his views, it is not believed that it will be accepted or that the Viceroy will insist on quitting his position, at least until after the Prince and Princess of Wales have completed their tour of India, extending from November to March.

A question asked in the House of Commons this afternoon elicited from Indian Secretary Brodrick the statement that the government had received no information to the effect that Curzon had any desire or intention of resigning the viceroyalty of India.

TRAINING SHIP IS SUNK BY STEAMER 22 BOYS DROWN!

COPENHAGEN, Denmark, June 26.—A serious disaster occurred last night near here when the Danish cadet training schooner Georg-Stag was rammed and sunk by the British steamer Ancona.

The Georg-Stag sank in one and one-half minutes.

Twenty-two cadets were drowned and fifty-seven rescued.

The boys were all in the bunks at the time of the disaster. The night was overcast, but it was not so dark that objects could not be seen at some distance.

The Ancona was considerably damaged along her waterline. The port authorities have placed an embargo on the Ancona which will remain here until the inquiry into the collision is completed.

Thus far only a single body has been recovered by the divers who have gone down to the wreck.

The Georg-Stag was a schooner of 206 tons register and was 103 feet long. Apparently she was a training vessel for the mercantile marine, and was owned by a private firm of Copenhagen.

STOCKHOLM, Sweden, June 26.—As a result of the negotiations between the different groups of the Riksdag it has been arranged that a special committee to consider the Swedish-Norwegian situation shall be appointed tomorrow, to consist of nine conservatives and three moderates from the first chamber, and five liberals, five agriculturists and two reformers from the second chamber.

It is anticipated that the Government's proposal to settle the crisis amicably by arranging a modus vivendi between the two countries will be violently attacked in the upper chamber and generally supported in the lower chamber during the debate tomorrow on the subject.

THREE YEARS FOR REBSTOCK

Judge Lawlor Denies Petition to Send Him to County Jail.

SAN FRANCISCO, June 26.—Joseph Rebstock, convicted of complicity in primary election frauds, was today sentenced to three years' imprisonment in the State Prison at San Quentin.

A stay of thirty days was granted for the preparation of a bill of exceptions.

The friends of Rebstock made a strong effort to keep him from wearing stripes.

Last Friday they filed a petition with Judge Lawlor, signed by several of the Grand Jurors, who found the indictment against the accused, asking that Rebstock be either fined or sent to the County Jail. This could have been done under the law, had the Judge so elected.

Judge Lawlor, however, did not agree with the petitioners and sentenced Rebstock to the penitentiary.

BERKELEY MAN A SUICIDE

BERKELEY, June 26.—Chas. Schnelle, an aged man residing at Rose and Sacramento streets, this city, committed suicide this afternoon by blowing off the top of his head with a shotgun. At the present time no definite reason is known for the act, but it is supposed that it was caused by despondency due to ill health.

WILL PROSECUTE THE RAILROADS

WASHINGTON, June 26.—The Attorney-General has placed the matter of carrying out the President's directions to prosecute certain railroad corporations, including the Atchison, Topeka and Santa Fe Railroad Company for giving rebates under the direction of Assistant Attorney-General Purdy. The latter will devote all of his time for the present to this work, and has gone to Kansas City for that purpose.

RUSSIA DISAPPROVES.

LONDON, June 26.—Questioned in the House of Commons today regarding the destruction of British vessels by Russian auxiliary cruisers, Premier Balfour said he was glad to be able to inform the House that the British government had been assured that the Russian government disapproved of the actions of their cruisers and that orders had been transmitted to the Dnieper at Jibutil, rendering quite impossible any repetition of the acts which the British government regarded as outrages against law.

ARGUMENT POSTPONED.

KANSAS CITY, June 26.—Argument on the order of the United States District Court granting a temporary injunction restraining the State Railway and Warehouse Commissioners of Missouri from enforcing the new maximum freight rate law, which was set for today, was postponed until tomorrow by mutual consent.

OREGON TRAIN IN A WRECK

Engineer Milner is Injured But the Passengers Escape.

REDDING, June 26.—The second section of northbound overland train No. 16, the Oregon express, came into collision with a southbound freight at Morley this morning.

Engineer Milner of the express train was injured, but none of the passengers were hurt. None of the cars were derailed, but the engines were damaged considerably.

The accident is believed to have been due to miscalculation by the crew of the freight of the time it would take them to reach the switch at Morley.

The southbound California express was delayed for several hours on account of the collision.

Physicians were sent to the scene from Kennett, as first reports indicated that the accident was more serious than proved to be the case.

ALAMEDA MAN DANGEROUSLY ILL

ALAMEDA, June 26—George Shiner, a musician in the park band, aged 65 years, is lying dangerously ill at the Alameda Sanitorium, as the result of an accident which occurred last Thursday at his home on Ninth street near Centennial Avenue.

While picking magnolia blossoms he fell from a ladder and fractured his left arm near the rib. In the compound fracture the bones protruded through the flesh, making an ugly wound. He was attended by Dr. A. A. Stafford, and later removed to the local hospital.

Blood poisoning set in and the arm began swelling to more than twice its usual proportion. It is feared that he cannot recover.

HOW TO GET DRUNK LEGALLY?

Should There Be An Act Passed By Oakland's Council For Benefit of Thirsty?

In Oakland I think that the plane of morality and respectability sufficiently high not to need a special act to provide citizens a way to get drunk and escape punishment.—MAYOR MOTT.

A respectable drunkard should not be put in a class by himself, while the lower unfortunate must suffer.—POLICE JUDGE SAMUELS

A man must be arrested three times for drunkenness before I would severely with him.—POLICE JUDGE SMITH.

Respectability wishes to keep its escutcheon clean it should not get into the gutter.—PROSECUTING ATTORNEY LEACH.

How often can a man get drunk without being a criminal in the eyes of the law?

In New York they are contemplating giving a man three drunks in a year

In Oakland it is different at least the city officials who have the power of meting out punishment puts Oakland and its citizens on a higher plane of morality

Here is the New York dispatch which shows what is being done in behalf of "respectable" inebriates in New York:

"NEW YORK, June 26.—How often can a man drink so much that he attracts the attention of the police without making himself deserving of punishment by law?

'An ordinance is to be passed in the Board of Aldermen tomorrow to answer this question The ordinance is fathered by Alderman Jones of the West Side

"It provides that a man may be intoxicated three times a year with immunity. In other words, the ordinance requires political judges to discharge all inebriates who are willing to swear that they have not been arrested twice previously within the same year

'All a man has to do is to sign an affidavit to that effect and he escapes a ride in the patrol wagon an appearance before a magistrate and a possible fine of $5 or $10, and, what is more to the point, a possible detention in the workhouse on Blackwell's Island for a possible six months Alderman Jones believes the ordinance will pass the board unanimously"

SAYS JUDGE SMITH.

Police Judge Smith, who during the last eight years has passed on approximately 9,600 drunkards, does not believe that the New York standard of inebriety would fit the needs of Oakland He says.

'In dealing with the men who come before me I, of course, take all of the circumstances into consideration The law in Oakland makes no exceptions, but leaves much to the discretion of the Judge

"It has always been my policy to let an individual who appears before me for the first time go with the warning to not come back again If he comes before me again within a reasonable length of time I fine him $2 with the alternative of spending one day in jail If the offender comes before me the third time I fine him $4 with the alternative of spending two days in prison After that when he appears before me I fine him generally $8 and as high as $100 depending on the circumstances connected with the case

"The reason I inflict no punishment the first time a person appears before me is that the disgrace of arrest, the ride in the patrol wagon and the fact of having come before a court is sufficient punishment A man must be arrested three times for drunkenness before I would deal severely with him"

SAYS JUDGE SAMUELS.

Police Judge Samuels is of the opinion that the New York law is a little lenient toward inebriates He says

"I think that inebriety should be discouraged I trust that the respectable citizens of Oakland do not need any law framed for them.

I would not be in favor of granting the citizens of Oakland the privilege of three times a year making a spectacle of themselves However, if men must have their relaxation I believe that the punishment should be left in the hands of the Judge instead of making it mandatory on him to release all prisoners who swear that they have not been arrested more than three times in the year for drunkenness I believe that the Judge should graduate his punishment A respectable drunkard should not be put in a class by himself while the more unfortunate must suffer

I do not believe that Oakland needs any new law on the subject There is comparatively little drunkenness and the present law which makes drunkenness punishable on the first or second offense fits the needs of the city'

SAYS MAYOR MOTT.

Mayor Mott had some diffidence in discussing the question He however puts his faith in the citizens of Oakland and does not believe that the respectable citizens are in need of special legislation in the matter of inebriety He says

'New York may need a law of that kind but Oakland does not If the people in New York must have the privilege of getting drunk three times a year I suppose that it is all right to allow them to go without punishment

"In Oakland I think that the plane of morality and respectability sufficiently high not to need a special act to provide citizens a way to get drunk and escape punishment"

SAYS ABE LEACH

Prosecuting Attorney Abe Leach of Police Court No 1 thinks there is no crying necessity in Oakland for licensing the respectable portion of the community to get drunk three times a year He says

'I believe that I am entitled to be classed as a respectable citizen and as far as I am concerned I have no desire for a special law in my favor If respectability wishes to keep its escutcheon clean it should not get into the gutter'

SAY COURT CLERKS.

Police Court Clerk William Jennings Hennessey when asked about the matter flashed out an opinion but when he learned it was for publication he withdrew the remark His answer was however, that 'There are three occasions which may fall within a year a wake a wedding or a christening that gives a man a certain license to familiarize himself with the fluid that inebriates

Police Court Clerk Johnny Mott, brother of the Mayor says

"I support the administration Whatever the Mayor says I will stand for"

Assistant Prosecuting Attorney Larry Greene says

'I will do by best to embrace the law whether it allows a man to have three drunks or one"

READY TO TALK OF PEACE

Japan and Russia Have Agreed Upon the Time.

ST PETERSBURG, June 26.—Both Japan and Russia are now understood to have agreed upon the time when their plenipotentiaries shall meet in Washington It will be during the first ten days of August, but the exact date probably will be announced by President Roosevelt

The question of precedence evidently is the main stumbling block to a prompt settlement of the number of personal negotiators Both sides seem desirous to make the other take the initiative Russia seems to consider that it is Japan's duty to name her plenipotentiaries before Russia announces hers

While the exact number of the plenipotentiaries has not been arranged, both powers seem to have tacitly agreed on three The actual announcement of the names of the plenipotentiaries is expected within a few days.

The official statement of the situation is

"All is going on favorably"

The question of a possible armistice, as stated last week remains in abeyance for the moment Japan, it is understood, declining even to take up the matter unless the issues involved in the Washington meeting are definitely settled

In the meantime there have been heavy downpours in Manchuria, and the rainy season may enforce a suspension of military operations before diplomacy can act

22 BOYS DROWNED

(Continued From Page 1)

Stag attributes the accident to the Ancona losing her course He said the Ancona's bow crashed seven feet into the training schooner's side bringing down the latter's masts and rigging and preventing any of the cadets from gaining the decks. Those who were not entangled in the wreckage sprang on board the Ancona and assisted in launching the life boats. Miche himself jumped into the water and rescued many boys who were entangled in the rigging

SECRETARY HAY IS STRICKEN

Two Specialists Are Called at Midnight—Patient Takes Change For Better This Morning.

NEWBURY, N H., June 26—Secretary of State John Hay was prostrated by an attack of uraemia at his summer home here last evening, but early today his condition had been relieved by a local physician and two specialists who had come from Boston by special train, and it was expected that the Secretary would be soon in his usual health. The attack, which was similar to others experienced by Secretary Hay during recent years, was attributed to a cold contracted on his journey from Washington to Newbury last Saturday. Dr. J. M Cain, the local physician, who was the first one called to attend the sick man, said

'Secretary Hay's trouble has been relieved He will need attention for a day or two If no complications arise he will soon be as well as usual."

He stated also that Dr. Charles L Scudder, one of the Boston physicians, had returned home this forenoon. The other, Dr Fred T. Murphy, will remain for a day or two in case unexpected symptoms should develop

Secretary Hay began to be in pain early yesterday. Remedies which have given relief on previous occasions were applied but failed to help him, and Dr Cain was called from Newport. He found that in changing from the climate of Washington to the cooler temperature of Lake Sunapee region, the Secretary had taken a severe cold and that organs weakened by previous attacks had been variously affected. Upon learning this Mrs. Hay desired that specialists be summoned at once, and as soon as possible Doctors Scudder and Murphy were on the way here by special train from Boston

The Boston and Main railroad cleared its tracks from Boston to Concord, N. H, and the special made fast time between those two cities The train then proceeded to Newbury by the Concord and Claremont branch. A launch was in waiting to convey the surgeons across Lake Sunapee, and the doctors reached the bedside of the Secretary at about midnight. A quick but complete examination of the patient was made and it was seen that his condition, while exceedingly painful, was not for the time, at least, serious

Under treatment the patient soon showed improvement and the necessity of an operation, which had been discussed, was averted.

During the latter part of the night Secretary Hay grew steadily better and by morning had regained the strength which had been exhausted by hours of incessant pain On account of the organs affected by the cold, however, the physicians ruled that the Secretary should remain in bed for a day or two. Dr. Scudder then left for home, placing Dr. Murphy in charge, with Dr. Cain assisting.

Dr. Cain said today that the members of Mr. Hay's family were greatly alarmed, because of the fact that the usual remedies failed to give relief."

"I understand," said Dr. Cain, "that Secretary Hay's present illnes is of a different kind from that for which he went abroad for treatment and for which he took the baths at Bad Neuheim. Should attacks such as he has experienced yesterday occur frequently there is no doubt but there would be justification for grave anxiety, but Mr. Hay seems to have got clear of all danger in the present instance."

Just before noon it was reported from Secretary Hay's bedside that the patient was "resting comfortably with everything favorable."

Before leaving for Boston Dr. Scudder gave out the following bulletin:

"Mr. Hay is suffering from the effects of a chill caught on the journey from Washington. The attack is similar to one he had four years ago. This morning Mr. Hay is resting comfortably and expects to be about in a few days. No further bulletins will be issued."

TELEPHONE EXCHANGE 7 OAKLAND, CALIFORNIA.

TELEPATHIC MESSAGE DIDN'T COME.

So the Charge Brought By Woman is Dismissed By Justice Quinn.

Justice of the Peace Quinn worked overtime this morning waiting for a telepathic message from Mrs M E. Hall, who caused the arrest of A Normand, her pupil in occultism, on a charge of disturbing her peace But the message that he waited for did not come and the charge against Normand was finally dismissed

Normand, a miner from South Africa, met Mrs Hall, wife of William Hall, a former secretary of the San Francisco Police Commission, at a spiritualistic seance across the bay. They became friends Mrs Hall took a keen interest in the miner and undertook to teach him telepathy, spiritualism occultism, and a few other isms Incidentally, they went into business, forming a partnership in the chicken-raising industry at Allendale They purchased a place in the picturesque suburban village and Mrs. Hall occupied the house, while Normand took up his abode in a neighboring tent Then it was their want to hold thought communications every eve at nine and they were slowly developing their thought concentrations when trouble began brewing.

It is said that their dissentions arose over the chickens However that may be, they quarreled and twice Normand was arrested for disturbing the woman's peace Mental suggestions were discarded the hidden art was ignored and they descended from their spiritual heights to take their trouble to a dull, prosaic justice's court

Two weeks ago the case against Normand was called by Justice Quinn and Attorney H Shafter Aldrich, who had been retained by Mrs Hall, proceeded with the prosecution Nothing unusual occurred until Attorney Sweet began he defense and introduced some letters alleged to have been written by the woman to her pupil Then there was a scene Mrs Hall went into hysterics and the services of muscular Tom Carroll the constable, were required to support her. In consternation, Judge Quinn continued the case for a week but at the expiration of that time Mrs Hall filed a doctor's certificate to the effect that she was too ill to appear A few days later Attorney Aldrich told the court that if Mrs Hall did not appear today the case might be dismissed by consent That action was taken this morning after Judge Quinn had waited in vain for her presence either in the spirit or the flesh

The letters introduced in evidence were of a sensational character and it is supposed that Mrs Hall preferred to drop the prosecution rather than give more publicity to the affair. In the letters Normand was addressed as 'Candor' and Mrs Hall signed herself "Arya" She told in writing of their thought concentrations instructing her pupil to 'be with his face to the north, in a receptive attitude, each evening at nine After their experiments with telepathy they met in the flesh by agreement, and told each other the impressions they had received Now they will probably go to the civil courts to settle their business differences

TRY TO MURDER WOMAN?

Three Shots Fired Through Window in Berkeley.

BERKELEY, June 26.—The Berkeley police are investigating the mysterious shooting that may have been the work of enemies by the assault upon Mrs D R Sutherland of 933 Addison street, West Berkeley.

Three shots from a revolver were fired through the window of Mrs. Sutherland's kitchen, the bullet lodging in the wall near where she was standing. As yet absolutely no clew has been secured that would seem to lead to the identification of the person or persons who fired the shot

Mrs. Sutherland saw no person, she heard only the crash of shattered glass and the report of a revolver. Mrs Sutherland was greatly frightened, but finally made her way to the neighbors and informed them of the shooting The neighborhood was searched, but no trace of the would-be assassins, if such they were, was found.

This strange shooting affair, which might have been fatal, was reported by Mr. Sutherland to the police, and Officer Jamison is detailed on the case. He is seeking a solution of the mystery today, but so far has met with no success

Mrs. Sutherland is unable to name any one whom she can imagine would desire to take her life.

It is thought possible that the firing of the shot through the window was accidental, but the fact that it was fired through the rear of the house in rapid succession, and so close to Mrs Sutherland's body, discourages this theory, and points to the intended commission of crime

CHIEF HODGKINS' BROTHER VIOLATES LAW, ARRESTED AND FORFEITS BAIL.

A L Hodgkins, brother of Chief of Police Hodgkins, who ran afoul of the law and rode on the sidewalk in violation of the bicycle ordinance and was arrested by Policeman McCready, this morning forfeited $2 bail in Police Judge Samuels' court

Judge Samuels smiled broadly when he made the order turning the money into the city treasury Court Clerk John Mott smiled an expansive one as he jingled the two sheckels and dropped them into the proper bag marked "fines and forfeitures, but Policeman McCready, who has done remarkably good work since being appointed to the force a few months ago, was visibly embarrassed.

It happens that McCready is the bailiff of department 2 of the Police Court during the day and the bicycle policeman at night It was owing to his hard work that he landed the job of bailiff and Chief of Police Hodgkins was the one who secured the appointment for him

While the legal proceedings were being formally carried on in court and the $2 bail deposited by brother Hodgkins was slowly but surely wending its way into the city treasury, but McCready looked very much abashed and it was very plain to be seen what was passing through his mind

In common with other unintentional heroes he said "he had seen his duty and did it."

When pressed by the reporters for a detailed explanation of the arrest of the chief's brother he said, "you boys had better let me off lightly."

APPOINTMENTS.

Appointments were made as follows:

16- INCH GUN IS BARRED

Experts Decide it is Not a Practicable Weapon.

NEW YORK, June 26.—The ordnance experts of the United States Army are said to have practically decided that the 16-inch-gun, from which so much was expected, is not practicable as a weapon, and a decision by the War Department to abandon the type is anticipated. Only one of these guns has been made so far and that one is now at Sandy Hook. The experiments, while showing that the gun could do all that was expected of it in one way have nevertheless convinced the experts that as a weapon it is too costly.

Colonel Greer, chief of ordnance of the Department of the East said that while it had not been decided to discard the gun now at Sandy Hook it was not likely in his opinion that the Government would have another made.

"The gun," he said, "was ordered about seven years ago when it was decided to increase the calibre of our largest weapon for coast defense from 12 to 16 inches. At that time England was having a number of such guns made and that great things were predicted for them. All of the English guns were failures. Ours has been fired perhaps half a dozen times in proving it. In one way it was a success, as it has done all that was predicted for it in range and effectiveness. There is no doubt of the result if it ever hit anything.

"On the other hand, however, every discharge of the gun is tremendously costly in the amount of labor required and in the expense of the charge. The gun is more likely, perhaps to miss the target, than a smaller gun, and a miss is pretty costly. Taking it all in all, it would seem as though several guns of smaller calibre would be more effective than one 16-inch gun. It is not at all likely, in my opinion, that the Government will ever build another one, although, of course, the gun now at Sandy Hook will probably be kept there."

The Government had planned to build forty such guns, eighteen to be placed at Sandy Hook, ten at San Francisco, eight at Boston and four at Hampton Roads. The great point made for the gun was that its projectile would sink a battleship if hit. Its range was about 21 miles. The projectile is 64 inches long and weighs 2,370 pounds. In early experiments it was found that more than half a ton of powder, costing $265, was needed to fire the projectile. The latter cost $600. About three times as many men were required to handle the 16-inch gun as were needed to care for a 12-inch.

FIRE THREATENS WHOLESALE DISTRICT

CLEVELAND, Ohio, June 26.—Fanned by a stiff northwest gale, the flames from a fire which broke out shortly before 2 o'clock this morning in the building occupied by the Willard Storage Battery Company in the center of the wholesale district, in St. Claire street, just west of North Water street, threatened for a while to lick across alleys and areas and do by far greater damage than the $10,000 loss incurred. The Willard Company's building was gutted and the upper floors of the Fairbanks, Morse & Co.'s warehouse were destroyed. The roof of the Fred Beck & Company's building, south of the Fairbanks, Morse & Company's building on Water street, was on fire, and sparks were being carried to other adjacent property, when a terrific thunderstorm intervened and checked the blaze. At 3 o'clock this morning the fire was under control.

NEW BUILDING.

Mrs. P. Fontaine has decided to erect a three-story business block on the west side of San Pablo avenue, between Twenty-third and Twenty-fourth streets. The structure will cost about $8,000. The first floor will be for store rooms and the other two stories made into flats. The equipment will be complete and modern in every respect.

AGAINST GENERAL STRIKE

Steps Being Taken to Stop Growing Sentiment.

CHICAGO, June 26.—Steps to be taken today by the conservative leaders in the teamsters' ranks were expected effectually to check a growing sentiment among the more radical element in favor of a general strike of all teamsters in Chicago and to encourage a prompt ending of the existing struggles, either by accepting the employer's terms, or, calling off the strike. At the present time the main portion of the teamster's army is intact, only 4,000 out of 27,000 being on strike. A general attack upon employers, it was declared, could result only in general disorganization and a call for the militia. This move also would result in the drivers cutting loose from the main basis of support—the teamsters who are employed.

Meetings will be held tonight by the department store drivers and the railway express drivers to vote on the question of accepting the peace terms of the employers. According to H. C. Cork, chairman of the peace committee of the teamsters' joint council, a favorable vote by these two locals would mean a nend of the strike, as the other unions would follow.

The terms practically are the same as were offered three weeks ago. Some changes of the phraseology have been made at the request of the teamsters committee. One alteration, it is understood, was in the article concerning the wearing of union buttons, in order to have it made clear that no employer objects to the wearing of union buttons provided they are not exposed.

TAILORS AGAINST GENERAL STRIKE

NEW YORK, June 26.—Officers of the Brotherhood of Tailors have decided that there shall be no general strike in this city this summer against the open shops. It has been decided to strike against individual contractors or manufacturers where there is a tendency to cut wages or to make the men work longer hours, but a general strike will not be ordered until the unions are organized throughout the country, when a general demand will be made.

WILL HOLD CARNIVAL ON THE TIDAL CANAL.

Chairman Taylor is Arranging Unique Night Programme For the Fourth.

EDWARD K. TAYLOR.

ALAMEDA, June 26.—The committee for the Fourth of July carnival on the tidal canal, of which ex-Senator E. K. Taylor is chairman, is busy arranging for a big display on the night of the national holiday. Yachts, barges, floats, Chinese junks and decorated crafts of every description will be employed to form a scene of great beauty during the exhibition.

Senator Taylor is a well known yachtsman, and well fitted to have charge of the events. He has a plan for a mimic representation of the battle between the Monitor and the Merrimac, which will be made a spectacular feature of the occasion. His own launch and those of W. J. Gorham and others in the Alameda Boating Club will be used among others in towing the various crafts in the canal at the carnival.

The Fourth of July committee will hold another session shortly to complete the arrangements for the affair, which will be made the biggest celebration ever held in the island city or in this vicinity.

WAR DRAMA AT YE LIBERTY

STIRRING PLAY WILL BE SEEN AT THE LOCAL THEATER.

Wm. Gillette's greatest of all war dramas "Secret Service," will be the attraction at the Ye Liberty playhouse this week commencing tonight. This drama has been universally conceded to be Gillette's masterpiece, having many thrilling incidents, and also his well known faculty for stirring climaxes, being more thoroughly developed than in any he has ever written. The action of the drama is laid in Richmond, Virginia, during the bitter struggle between the North and the South, at the time of the Civil War.

There are two brothers, named Dumont, members of the United States Secret Service, who had been detailed to secure control of the Richmond Telegraph Office. By sending a false despatch to the general commanding the Confederate forces, ordering him to withdraw his forces from a certain point, the Union Army will be enabled to break down the defences and capture the city. One of the brothers makes his way into Richmond disguised as a wounded cavalry officer.

He makes love to the daughter of the commanding general in the hope of securing control of the telegraph office through her influence. His fictitious passion soon became genuine, and overwhelmed with shame at the part he has been playing, he refuses the post she has secured for him, for fear of involing her in his own disgrace. His identity is ultimately disclosed, he is court-martialed and sentenced to death. At the critical moment he is offered his parole on condition that he shall remain in Richmond and perform no more services for his own country. He refuses these terms, but later the hand of his Southern sweetheart steals into his own, and his love conquers his patriotism. He concludes that matrimony is preferable to an ignominous death. Landers Stevens will have the leading role as Captain Thorne, a member of the United States Secret Service Corps. Francis Slosson, will appear in the role of Edith Varney, a Southern girl, in love with Captain Thorne. The other members of Bishop's players who will be in the cast will be Elmer Booth, Orral Humphrey, Harry Mestayer, Lloyd Ingraham, Robt. Lawlor, Frank Bacon, Ora Waldron, Mina Gleason, Irene Outtrim and Margot Merriam.

TO MEET HERE IN AUGUST

President Wants Commission to Get Down to Business.

WASHINGTON, June 26.—The President has expressed a wish to the Japanese and Russian governments that the plenipotentiaries meet in the United States on the first day of August, and if not on that date then on the first day thereafter. The following statement regarding the meeting of plenipotentiaries was made public at the White House today:

"The President has received from both the Russian and Japanese governments the statement that the plenipotentiaries of the two countries will meet in the United States during the first ten days of August, and the President has expressed to both governments the wish that the meeting should take place if possible on the first of August, and if not on that date then at the earliest date thereafter."

M. Nelidoff, the Russian Ambassador to Paris, and Maron Rosen, the new Russian Ambassador to Washington, are Russian's tentative selections of plenipotentiaries. Mr. Takahira, the Japanese Minister here, it is understood, has been selected by his government as one of the plenipotentiaries, but the name of the ranking Japanese envoy cannot be learned. It is not believed that Marquis Ito will be able to come, and it is possible that Field Marshal Yamagata may take his place. This information comes from the highest source, but its formal announcement cannot be made until it is learned whether M. Nelidoff's health will permit him to make the trip here.

PLEASANT DAY AT IDORA PARK

The Order of the Sons of Benjamin turned out in force at Idora Park yesterday and from all appearances there was not a dull hour spent by one of them during the entire day. The park was at its best; the flowers, trees and shrubs and lawns being perfect. Du Bell with his wonderful performance on the high wire created great enthusiasm. In the evening the display of fireworks was especially effective. Arrangements were made by Manager Pilling to have the gymnast repeat the entertainment every afternoon and evening during the week.

One of the chief features of the promenade concert by the Callaghan band was the xylophone solo. This was repeated at the demand of the audience. The entire program of the band was well received.

Norman Stanley's new songs won applause in the free theater; the moving pictures also gave evidence of pleasing.

There will be an entertainment in the theater by amateurs Wednesday evening. It is the intention of the management to make amateur night a feature every Wednesday during the season.

Tuesday and Saturday evenings there will be dancing in the pavilion.

before the Oakland public today is HOW CAN WE IMPROVE OUR CITY? We can suggest many ways of doing so but chief among them will be—DRESS BETTER and PAY LESS—in order to do that you must come here—well dressed men and boys always command notice before others. TO PLACE YOUR MONEY

GOOD INVESTMENTS FOR SPARE CAPITAL—NO RISKS TAKEN.

Notwithstanding the threats of the "Single-tax" theorists, and an equally visionary "Socialism," to make land-owning too expensive for the private individual, so as to force the relinquishment of all landed property to the "State"—which if put into practice would mean the politicians then in power—the great mass of the world's people continue to regard land as the safest possible investment; and the wiser of them uniformly consider improved real estate in the midst of a large community as possessing advantages as a security for their loaned capital equaled by nothing else.

It is an axiom of statecraft that a man will fight harder to protect his own fireside than for any other reason whatever, and accordingly it is observed that he will make his most strenuous efforts to repay a debt which gives his creditor a lien upon his home, even to the sacrifice of other interests of perhaps greater monetary value.

Therefore, when you have money to put at interest, look first for a loan upon real estate security; and, secondly, upon improved city real estate; if, thirdly, you can secure yourself by a lien upon a new home, occupied by a citizen in thriving circumstances, you are perfectly safe. It is no longer a simple matter of arithmetic, nor a mere item of salable property, which you have to rely upon; you hold a grip upon that man's (and his wife's) most cherished sentiments and most deeply rooted instincts—and nothing that he can do will be spared to return to you what is your due, so as to redeem and preserve what is his most precious possession—his "home."

It may seem cold-blooded and heartless thus to capitalize the domestic intuitions of your neighbor; but, on the other hand, the money you have loaned may represent to you so many unrealized ideals, postponed of fulfillment until the fructification of your funds may make them possible to you. You have yourself, and perhaps those akin to you, to consider.

Your task will not be an easy one, however. You will rarely find a borrower who wants just the sum you have to lend, and who offers just the security you consider sufficient. If you have only a small sum, it will be especially difficult to lend it on real estate, and the expense and trouble will be out of proportion to the return; if your capital be larger, it all must be employed, or the idle money will eat into the earnings of that which is productive.

If you are not certain of both your ability and opportunity to place your spare capital according to these principles, there is an easy way open to you to realize all the benefits of the safest kind of money lending without the least possible risk of making a mistake either as to the personal or property security of your debtor. Entrust your funds in hand, or the spare portion of your earnings or income, periodically, to the "SAN FRANCISCO AND SUBURBAN HOME BUILDING SOCIETY," which will lend them for you exclusively on brand-new, modern residences, built by itself for solvent, responsible business men, in the cities beside the bay of San Francisco, and will guarantee you semi-annual interest at a minimum of 6 per cent per annum, clear of all taxes. Having a constant stream of business flowing through its system, it can always find a place for your deposit, whatever it may be, in combination with its own working funds, giving you the protection of its large capital as a further assurance.

It is not a "building and loan association," but a mercantile corporation, heavily capitalized, directed by prominent business men, and approved by the most conservative bankers as a thoroughly safe, responsible company.

If you are sufficiently interested to desire the details of its business, address the manager, Mr. Joseph A. Leonard, at 708 Market street, San Francisco, and full information and particulars will be sent you.

A few more first cabins are being added to the S. S. Mariposa for July first sailing, to accommodate the later applicants. This is the opportunity to visit Tahiti at its best. The natives festivities, July 14th are worth going round the world to see. $125 for the round trip! First-class. Send or call for circular, 613 Market st., San Francisco.

MANY PRESSMEN AT PICNIC

NINETEENTH ANNUAL OUTING ENJOYED YESTERDAY—NOTES OF UNIONS.

Many Oakland pressmen were present at the picnic of the San Francisco union yesterday at El Campo Park and took part in the pleasures of the day. It was the nineteenth annual excursion of the local and was a success in every way.

Gate prizes were given to a large number of those attending. Prizes were also offered the winners in the races and games. There was dancing for several hours at the large pavilion, Nolting's band supplying the music.

A baseball game and a tug-of-war were among the features of the afternoon.

TO CHANGE STAMPS.

It has been decided by the Alameda county Building Trades Council to call in all the union stamps now issued by it to the lumber and planing mills and in their stead issue stamps of a different pattern.

The work of preparing the new designs is being carried on by members of the District Council of Carpenters, with which the Building Trades Council has but recently become allied.

The changes are not to be great and involve particularly the introduction of the name and sign of the carpenters in addition to the present pattern.

ELECT TODAY.

New officers are to be chosen by both the Cooks' and Waiters' Alliance, No. 31, and the Laundry Workers' Union, local No. 55, today. The voting for the officers of the Alliance is going on all day at the headquarters of the Central Labor Council by the Australian ballot system. The votes are to be counted this evening.

At California Hall the laundry workers are to meet tonight and choose their officers. Other important business is also to be transacted.

WOMEN'S LEAGUE.

NEW YORK, June 26.—Fifty delegates, representing the Women Workers' League of Great Britain and Ireland, are expected to arrive here within a few days for a tour of the leading American cities.

The delegation comprises women who have worked with the Countess of Warwick in endeavoring to better conditions among English working women.

They are coming to make a careful study of the conditions here and ascertain if there are any features of environment or method here which may be adopted with advantage to their sex in Great Britain.

There are special delegates for all occupations. Trades unionism will have but little to do with the visit. As now planned, the delegation will spend about five days in New York and the remainder of their time in other large cities. They have planned to go as far west as St. Louis.

NINE HOURS; OPEN SHOP.

PHILADELPHIA, June 26.—A nine-hour work day and an "open shop" were instituted today in forty-five of the leading establishments in this city, employing, it is said, two-thirds of the local compositors.

This action was decided upon at a recent meeting here of the United Typothetæ, at which master printers from all sections of the country were represented.

It was taken in anticipation of a demand to be made by the printers for an eight-hour work day beginning next January. No immediate opposition to the new order is expected.

The national convention of printers will be held in Toronto in August and action will be decided upon then.

COLLECT TAX ON AUTOMOBILES

COUNTY ASSESSOR DALTON KNOWS WHERE TO FIND THE MACHINES.

Alameda county is to find a new source of revenue for taxation It will come about through the automobile craze There were in Alameda county on June 1st of this year 164 automobiles which have cost their owners more than that many thousand dollars It is expected that the assessed valuation of the machines will average about $600

When the assessment was made on March 1 1904 the assessor failed to find more than thirty machines Since that time lists have been prepared by the Secretary of State as to the number of licensed machines in each county and the correct number of Alameda county up to the first of this month was 164 The list of machine owners is as follows

JEFFRESS NOT GUILTY

ONE JUROR HELD OUT FOR A LONG TIME AND THEN GAVE WAY.

The jury Saturday night at a few minutes after 11 o clock and after eight ballots brought in a verdict clearing George H Jeffress of the charge of embezzlement preferred by his former employers the Crane Company and a friend of the defendant came in for a severe lecture from Judge Melvin on account of his improper expression of approval of the finding

The jury was given the case before the dinner hour and Judge Melvin announced that he would return to the court room at 8 o clock to hear any report which might be ready to be made

It was later than the hour fixed before the jury came in with the announcement that there was a disagreement with no hope of getting together

One of the jurors A Bistoreus could not see the case in the same light as that under which it was viewed by the other eleven and frankly declared his inability to reason as they did

A second attempt inside the jury room to arrive at a unanimous agreement failed and the jurors came back into the court room with a report of the situation Assistant District Attorney Harris thought at that stage of the proceedings that the jurors had made a good effort to do their full duty and arrive at a verdict and he was in favor of the court dismissing the men to their homes Attorney Lin Church who appeared for the defendant however thought that one more effort to agree would not hurt and the judge sent the jury back to their room

After this second refusal of the court to accept the report of no verdict Bistoreus abandoned his position and joined in with the other eleven on the verdict of not guilty

When the verdict was announced several of the friends and relatives of Jeffress who were in the rear of the court room expressing their feelings by hand clapping Judge Melvin called for order and fixing his eye on one of the culprits directed the bailiff to bring him to the bar

The man who was in danger of severe punishment for contempt of court proved to be Frank Howard Judge Melvin lectured him severely on the impropriety of such expressions of approval or disapproval of the finding of a jury in the presence of the court

Then he directed him to take his seat while the other business was attended to After the jurors were dismissed Howard was again called to the bar and the judge heard his statement in palliation of the offense of which he had been guilty Howard said that he was not conversant with the rules of decorum governing spectators in courts of justice and admitted that he had been carried away by his gratification at the acquittal of his friend and had expressed his feelings as described He disclaimed any desire or intention of violating the sense of propriety of the judge or the rules of conduct governing such places and on this ground of his ignorance of the fact that his conduct was improper, the judge told him finally that he would not punish him for contempt of court but would let him go with a caution to bear in mind the lesson when he had occasion to visit a court room again

Jeffress was charged with embezzlement of two hundred dollars of the money of his employers the Crane Company committed as was alleged by his applying parts of funds collected from customers to the payment afterwards reported to and allowed by the company The Crane Company alleged that he had no authorization to do this The case has been on trial for several days and a large number of city and county officials went on the stand to testify to the good character of the defendant

PARDONED, THEN ARRESTED

VETERAN GIVEN FREEDOM BY GOVERNOR, GETS IN JAIL AGAIN.

In the case of William T Hamilton, an aged Civil War veteran, who was sentenced to serve thirty days in the city prison for vagrancy by Police Judge Samuels but who was pardoned by Governor Pardee the pardon did not come too late, but too early for Hamilton was arrested on a charge of drunkenness He appeared before Judge Samuels pleaded guilty and was sentenced to serve three days in prison

Hamilton came from San Jose to collect his pension money After receiving it he distributed the government s donation in the various saloons and was finally taken up as an ordinary vagrant The fact that he had served with distinction during the Civil War having been made a prisoner once and making his escape was urged in his favor and Governor Pardee extended executive clemency to him

Hamilton did not have any explanation to offer this morning and took his sentence without the customary plea for leniency

A CHINESE VIEW OF EXCLUSION

WHAT A CELESTIAL EDITOR HAS TO SAY ON THE SUBJECT.

The following from The Chinese Free Press, published in San Francisco shows how the enforcement of the exclusion act is viewed from a Chinese standpoint. It is headed "The Law of Retaliation".

The "boycott" is at best a brutal way to redress wrongs. When it is deliberately employed by a great and dignified nation to accomplish insignificant ends, human language cannot express the contempt which such a nation deserves. Under a strained interpretation of the treaties with China, which has been fastened upon the country by that grotesque bit of legislation, the Chinese Exclusion Law, the United States is exercising the boycott to the utmost limit of injustice and inhumanity. The Chinese nation does not object to laws enacted for the protection of the material interests of a country which they select as a permanent home or choose to visit for the purposes of education, improvement, or commercial advancement If the people of America decide that one class of Chinese visitors will be detrimental to their business or other interests, well and good, proper restriction laws will be submitted to gracefully and willingly. If the welfare of the laboring classes of this country may be harmed by the immigration hither of the laboring classes of Asia, there is no question that it would be the better policy, for the sake of the untaught peoples of both countries, that proper restrictions be placed upon that immigration. But to apply such restrictions without discrimination to the merchants, the students, the educated classes, the lawyers, the visitors for pleasure and intellectual improvement, is in its very essence wrongful and unjust, and escapes being ridiculous and contemptible only because of the serious results which follow. We believe that the treaties with China are good and wise enough and that even the funny exclusion Law would be tolerable, if the provisions of each were rightly complied with. But the higher officials of the United States Government have been culpably neglectful in this regard, they permit and sanction outrageous violations of the laws touching the exempt class of Chinese visitors and travelers, they subject these men and women to shameful indignities while claiming admission to this country, the pockets of these persons are rifled and their time wantonly wasted under color of law. And these crimes for in every aspect this nullification of law is criminal, are outcome of absurd "rules of the department" suggested by dishonest subordinates and permitted by the indolence of those in authority.

Retaliation seems to be an unalterable law of human nature. The opposition to the landing of the classes of Chinese exempt under the laws is an absolute and real boycott by the United States Government. In this age of commercialism these classes are the virtual rulers of their country—the most potent and influential factors of the nation.

By inexorable law they are impelled to retort in kind upon their aggressors.

Commerce being supreme in China as in the United States, and the latter country having instituted a boycott against the former, the insulted merchants and traders of China, supported by the other suffering classes, will naturally try conclusions in this not very dignified game. The result is not hard to fortell. The weakest and most vulnerable part of the armor of the ruling class in America is its pocket, and the boycott in the hands of John Comprador will prove the effective weapon to deplete it. The loss of trade with China is too serious a matter for the mercantile community to trifle with.

The cure is simple obedience to its own laws interpreted by just and honest men, and common civility to the Chinaman who seeks these shores with upright and honorable intentions, whose errand is for the mutual improvement and the mutual good of both countries.

THE LATEST NEWS OF THE DAY—4:30 P. M.

KNOWLAND IS NOT FOR RALSTON.

Does Not Think it Advisable For Fruitvale Man to Try For Senatorship.

In THE TRIBUNE of Saturday last was published an article setting forth the fact that Senator William C. Ralston, who represents the Tenth Senatorial district, which comprises the counties of Alpine, Amador, Calaveras, El Dorado and Mono, proposed to become a candidate for the Senatorial nomination on the Republican ticket in the Fourteenth Senatorial District, which comprises the City of Alameda, Brooklyn outside and East Oakland south of East Fourteenth street, which is now represented by Senator M. W. Simpson of Alameda city.

OCCASIONS SURPRISE.

The announcement occasioned considerable surprise for the reason that it was entirely unexpected and because it was generally believed that while Senator Ralston's residence is in Fruitvale, his home or voting place was in Calaveras county.

BATES IN VIEW.

People point out the fact that in the last campaign J. Clem Bates declined the proffered nomination for the Upper House to succeed ex-Senator, now Congressman, J. R. Knowland in favor of his friend, the present incumbent, M. W. Simpson, and because he felt he could do more for Alameda by being re-elected to the position of Assemblyman from the Forty-seventh Assembly District in that city.

TRADING ON SUPERVISOR.

Speaking on the subject today, a friend of Mr. Bates, who, by the way, is urged to accept the nomination the next time for Senator, said that Senator Ralston aimed to bring a delegation into the convention which would give the Alameda man the nomination for Supervisor of the Second Supervisorial District to succeed Supervisor Talcott, who, it was stated, would not be a candidate to succeed himself. This friend of Mr. Bates, however, declared that there was still no certainty that Talcott would not be a candidate to succeed himself.

KNOWLAND ON CANDIDACY.

Regarding Senator Ralston's candidacy, Congressman Knowland when interviewed by a TRIBUNE reporter had the following to say:

"Senator Ralston called upon me and stated that he was thinking of announcing his candidacy for State Senator in the Fourteenth Senatorial District, which includes Alameda, Fruitvale and a portion of the Seventh ward of Oakland.

"He asked if he could count upon my support.

"I frankly informed him that while I had the greatest personal regard for him, I believed it was inadvisable for him to become a candidate in that district, first, because he now represented the Tenth Senatorial district, and, secondly, for the reason that the city of Alameda controlled the nomination by a substantial majority and would, in all probability be disinclined to let the nomination go outside, and that, at this early date, it was impossible to state who would be the candidate from Alameda city, but when the time came it was my belief that the delegation would be united upon some man."

FOR ST. JOSEPH'S INSTITUTE

LARGE AFFAIR PLANNED FOR REV. FATHER M'NALLY'S PARISH.

"More Sinned Against Than Sinning," the great Irish drama, especially adapted by the Brothers of St. Joseph's Institute, West Oakland, together with interludes and selections of music from the Emerald orchestra of St. Patrick's parish, will form the features of the school closing of the boys of St. Joseph's Institute of Father McNally's parish.

The large auditorium will be taxed to bear the crowd that will be anxious to enjoy the treat of that great and famous play.

It is a wonder how these young lads are brought to show off so well in these heavy affairs, but they have a fine hall, fine stage and complete and finished settings, scenes, etc., attached to the schools of St. Joseph's Institute at West Oakland.

In the hands of the skilled teachers and trainers such as the Brothers of the Christian schools the boys invariably draw applause and carry off the honors.

BARRETT NAMED.

WASHINGTON, June 25.—The formal announcement was made at the State Department of the appointment of John Barrett of Oregon as Minister to Colombia to which post Mr. Barrett was recently assigned to relieve Mr. Russell, who was ordered to Caracas, Venezuela, when Mr. Bowen was summoned to Washington. Mr. Barrett was moved to Panama at the time but was given permission to visit the United States before going to Bogota.

The following appointments in the consular service also were announced:

Edwin W. Trimmer, New York, consul to Port Dietrick, Nicaragua; Burtil M. Rasmusen, Iowa, consul to St. Abenger, Norway, that post having been raised from a consular agency to a consulate; G. Jarvis Bowen, Virginia, consul at Guadaloupe, Mexico; Thornwell Haynes, South Carolina, at Nanking, China.

TO INVESTIGATE.

Edward Artera, a waiter, who is alleged to show such violent fits of ecstacy every time he sees Miss Emily Rodriguez, a young woman of undeniable loveliness, that he has to be restrained by a policeman, was ordered by Police Judge Smith this morning to appear before the court on June 28, at which time an investigation will be made into his conduct. Artera is out on bonds. He is alleged to have threatened to kill, carry off and abduct the woman with whom he is infatuated. He has been in the Police Court several times on account of the insistency with which he attempts to win the young lady who spurns him. A final disposition of the case will probably be made when the matter comes up before Judge Smith on Wednesday.

AGED MAN ACCUSED.

George Randall was before Police Judge Samuels this morning on a charge of disturbing the peace of Miss R. Blum and her sister. Randall, who is sixty-seven years of age, is alleged to have made insulting remarks when the two young women passed him at the corner of Seventh and Washington streets. Policeman T. Brown was called and the aged offender placed under arrest. Judge Samuels was obliged to continue the case this morning as the young women did not appear to swear to a complaint.

WATCH STOLEN.

Mrs. James Case, 1153 Alice street, reported to the police this morning that someone had entered a rear room at her home and stolen a gold watch. She is not positive that the watch was stolen, however, and says that she may have mislaid it.

MAYOR MAKES A STATEMENT

EXPLAINS THE PROPOSED SYSTEM OF LICENSE REVENUE.

Many of the merchants and business men who were apprised of the plan to raise money for the needs of the city in the way of betterments by a system of licenses in last Saturday evening's TRIBUNE, have called on Mayor Mott to inquire further into the scheme. As the system of licenses is designed to keep the tax rate down it will probably receive the support of the majority who will be affected by the tax.

To allay any fear that the licenses are to be burdensome, Mayor Mott gave out the following statement this morning:

"It must be borne in mind that the tax rate will be lowered in exact proportion to the increase in revenue from licenses. The effect on the merchant will be to allow him to pay his taxes in part by a license and partly by the old method. It is our desire to keep the tax rate down in Oakland and this is one of the means which will be employed.

"San Francisco is spending a million dollars a year in betterments. Oakland is not spending a cent. If we could spend $100,000 a year it would not be long before Oakland was known from one end of the State to the other as the beauty spot of California. I do not anticipate any opposition to the scheme of licenses as they will be levied so as to make them as light as possible and lighter than in other cities.

"I am to take the matter up this week and have the ordinances prepared so that the new system of things can be in full swing by about next August."

ACCUSED BY MOTHER.

Dennis Nolan was too lazy to work and much preferred to let his mother earn the living for the two of them at their home, 113 Chase street. Mrs. Nolan grew weary of her son's idleness and finally had him arrested for vagrancy. She said her son often lay abed in the morning until 12 o'clock refusing to get up and look for a job.

When the young fellow faced Police Judge Samuels this morning the prospect of a term in jail induced him to promise to go to work at once and he was released with the understanding that he make a report of himself on July 3.

MOB ATTACKS STATION.

KOVNO, Russia, June 26.—A mob of a thousand persons surrounded and attacked the police station and the Governor General's palace today. All the windows were broken before the rioters were overpowered by the police. Five policemen were wounded. A detachment of dragoons finally arrived and dispersed the rioters.

SUES FOR A MILLION.

WASHINGTON, June 26.—David H. Moffatt, of Denver, Colo., today filed suit in the Supreme Court of the District of Columbia against the Chesapeake Beach Railway to recover $1,222,800 alleged to be due on a promissory note given in December, 1904, and made payable on demand.

WHERE IS THIS GUN?

A stranger by the name of Meyer called at the hardware store of Lancaster and Lancaster at the corner of Fifteenth and San Pablo avenue yesterday and rented a shotgun, but since then failed to put in an appearance. The matter has been reported to the police.

TOOLS STOLEN.

F. Soderman, of 814 Franklin street, reported to Chief of Police Hodgkins this morning that a bag of carpenter tools had been stolen from him from a building in the course of erection at Park Way and Vernal avenue.

FOR STATE

Mitchell's Secretary a Strong Witness For the Government.

PORTLAND, Oregon, June 26.—Harry Robertson, United States Senator Mitchell's former private secretary, was the principal witness for the prosecution today in the trial of Senator Mitchell. Robertson told fully, without reservation, of his interviews with Mitchell at Washington, of the latter's fear of prosecution for his work before the departments; and of Mitchell's rage when Robertson expressed to his employer the belief that denial was useless as several knew of the connection of the firm of Mitchell & Tanner with the work of getting the Kribs claims expedited and the likelihood that the whole story would come out.

Upon being subpoenaed to appear before the Grand Jury the witness said he went to Senator Mitchell and showed him the summons, asking the Senator what he could be wanted in Portland for. The Senator said it was to testify about the accounts of the law firm of Mitchell & Tanner and told him that Tanner and his son were threatened with indictment. Mitchell told Robertson that when he reached Portland he should go to Tanner and look at the partnership agreement and Tanner would tell him how to testify. The Senator had cursed the prosecution and had said anything was justifiable in defeating the Government.

On Robertson's return to Washington after appearing before the Grand Jury, Senator Mitchell, the witness said, shook his fist in Robertson's face and swore at him for his actions in Portland, and Robertson thereupon resigned his position. Continuing, the witness said Mitchell finally acknowledged that he had known Kribs and remembered the partnership agreement with its damaging clause. He cried and swore, and said that he ought not to be prosecuted for the Kribs matter, as he had only received a few small checks for what he had done.

The evidence given by Robertson was direct. He identified the letter given him by Mitchell at Washington to be delivered to Tanner, but which was given to Prosecuting Attorney Heney and the Grand Jury.

Keeping back nothing, but telling to the best of his recollection the plans made by Mitchell and Tanner to evade prosecution and how those schemes came to naught, the former bookkeeper of the firm of Mitchell & Tanner, and later secretary of the Senator, supported strongly with his testimony the allegations of the indictment upon which Mitchell is being tried.

During the recital of Robertson's testimony Senator Mitchell showed every evidence of mental agony. He writhed in his chair and protested with his attorneys for allowing the introduction of the evidence.

ATTEMPTS SUICIDE

Edward M. Kelly, who has been an inmate of the County Infirmary for the last three years, became violent last night and attempted to jump through a window at that institution. He was examined by Drs. J. J. Medros and A. Shirk today and committed to the Ukiah Asylum for the Insane by Judge Ellsworth.

Charles McQuestion, a Spaniard, who is suffering from epilepsy, was examined and ordered to be taken back to the County Infirmary, where he has recently been confined, by Judge Ellsworth. He was charged with insanity, but it was found that he was suffering from imbecility.

A charge of insanity was preferred against Gregor Burger today by J. F. W. Sohst. Burger is 80 years old and has been an inmate of the Altenheim for several years. It is alleged that he wanders about from room to room and disturbs the other inmates by rapping on their doors with his cane.

PAPER TRUST

MILWAUKEE, June 26.—The newspaper publishers of Milwaukee have been cited to appear at the hearing in the interest of the Federal Government in the case of the General Paper Company.

L. T. Boyd, representing the Milwaukee Journal, today told the differences in prices now and before the organization of the General Paper Company. He testified that in 1899, when the last contract was made for paper prior to the organization of the paper company, the price was $1.70 per hundred pounds, and that now the price was $2.25. Before the year 1900 contract bids were received from all over the country but since the General Paper Company organized, only one bid was received.

Borcher says Roach believes he was betrayed by him.

IN A WRECK

How Oregon Passenger Dashed Into a Freight.

REDDING, June 26.—Details of the Oregon wreck were given out this afternoon.

The accident occurred at Winton Lodge, half a mile above Morley. The passenger train which was drawn by two locomotives, was two hours late, and was moving at a rapid rate. The freight train, also with two engines, was proceeding slowly, intending to make the siding at Winton Spur, near Morley. When within a hundred yards of the spur the passenger train crashed into the freight. The two passenger engines telescoped, shoving both of the freight engines sidewise off the track. The crews of both the freight engines jumped after reversing the lever and thus prevented loss of life. When the first engine of the passenger train struck the freight train, the second passenger engine piled on top of it, sending wreckage and steam in all directions. Engineer Tom Milner of Dunsmuir was pinned between the top of the first engine cab and the coal box, and was badly crushed. Escaping steam from the bursted boiler of the second engine also imperiled his life. All four engines were disabled, two being badly wrecked.

Milner's fireman was hurled against the pilot of the freight engine with sufficient force to rebound, which saved his life.

Several passengers were thrown from their seats, and Mrs. Simmonds of San Francisco was hurled against the side of the car, but sustained no serious injury. Engineer Milner, who was seriously hurt, was taken to Kennet. The coaches are intact, though a couple of box cars were derailed.

The wrecking train from Dunsmuir is at work, but the tracks will not be clear until late this evening. The southbound California express was held at Delta.

DOODY RESIGNS

The resignation of Daniel W. Doody, the former secretary or the Board of Health, who was appointed the Deputy City Clerk, will be handed to the City Council on next Monday evening.

The appointment of Doody caused such a storm that it was deemed advisable that he resign to preserve harmony in the administration.

The position to which he was appointed is deemed a necessary one, and some other person, who will not be objectionable to the Council and Mayor Mott, will be appointed next Monday night at the same time that Doody's resignation is handed in.

THESE MEN HAVE BEAUTY MARRED

Jack McKee, a longshoreman, who lives at 726 Market street, engaged in a street fight with a stranger last night and when he appeared at the Receiving Hospital he looked as if he might have been doing duty at a Balaklava revival. Four stitches were taken in his lip and minor cuts and bruises were treated.

Oscar Joseph, a millman living at 478½ Tenth street, was treated for a lacerated face. He accidentally fell against a window, breaking the pane.

BOLD BURGLAR

SAN FRANCISCO, June 26.—Eddie N. Prayer, who occupies a room on the third floor of the William Tell House, 619 Pacific street, was awakened from a sound sleep at 2 o'clock this morning by a masked burglar, who was busy rifling his trousers' pockets. Prayer jumped from his bed and engaged in a desperate struggle with the burglar. He saw the gleam of a revolver barrel which the prowler clutched tightly in his right hand, and fought to secure possession of the weapon, but he was not strong enough, and the thief, without making an effort to use his gun, made his escape from the room.

SMALL PANIC

EKATERINOSLAV, Russia, June 26.—A semi-panic has been created here by the distribution of proclamations by thugs and rowdies calling on the people to fight against treason and fears are expressed that the lowest classes of the people are being incited by the police against the educated classes.

BETTING MAN ARRESTED.

ST. LOUIS, June 26.—Sheriff Herpel placed Charles Cella under arrest at Delmar race track today during the first race on the charge of having violated the anti-betting law. At once all operations in the betting ring ceased and opinions on the second race were not backed.

"Them three men?" Farmer Bordel replied to a question. Them's our farm hands."

"But," asked the city girl, "where's the other one?"

"W'at other one?"

"Why, there's always a quartet of them to sing the 'Old Oaken Bucket,' isn't there?"—Philadelphia Press.

FOLK FIRM

May Call Out National Guard to Raid Racetrack.

JEFFERSON CITY, Mo., June 26.—Governor Folk, in an interview today declared that either the Missouri national guard or the St. Louis police department would be directed within the next 24 hours to raid the alleged bookmakers at Delmar race track. The governor has discovered that section 14 of the scheme and charter give the city of St. Louis the same powers in the county as in the city.

The militia or police, whichever may be used, will be instructed to enforce the anti-gambling law at all hazards.

LIVELY BLAZE

SAN FRANCISCO, June 26.—A lively blaze that for a time threatened to develop into a holocaust caused an hour of the wildest excitement at Sixth and Minna streets this morning shortly after 7 o'clock. The fire started in a defective flue in the Lawrence Cafe at 147 Sixth street, and was soon eating away at the rear of several buildings.

Mrs. K. Weitz, who lives at 469B Minna street, was the first to discover that the flames were crackling up toward the roof, and without waiting to clothe herself she warned everyone in the building in which her flat is situated and then hurried into the street. There she told a policeman the trouble and he rushed into the halls of the Piedmont lodging houses, shouting "Fire!" The Piedmont, which is run by Mrs. B. Soulie, faces on Sixth street, but extends back directly over the seat of the fire. There was thirty-eight lodgers in the place, and almost all of them were still in bed when they heard the warning.

READERS DISPLAY KNOWLEDGE

THOUSANDS OF THE TRIBUNE PATRONS SENDING ANSWERS IN NOVEL CONTEST.

THE TRIBUNE Knowledge Contest, which was inaugurated last Saturday night by the publication of short, sharp, crispy write-ups of local business firms, has proved the sensation of the season in the reading world of Oakland. That contest is to the people who like to explore mysteries what the "13" puzzle was, a score of years ago. To those who like something of engrossing interest to occupy the mind, it is what "Robinson Crusoe" or the "Arabian Nights" were in the days of childhood.

Some read and pondered the write-ups in quest of the money prizes offered for correct solutions while others read in order to entertain the mind.

Readers were found at home, Saturday night and yesterday and they are also found in the home and shop and counting house today. The write-ups were read and are being read and pondered by everybody, everywhere.

All that is required of the reader is to discover the name of the firm or of the house or store, or factory which is represented by each write-up. There are 76 of these write-ups and the person who sends in the most correct list of the firms represented by them will get the first prize of $20.

Thirteen other prizes of $10, $5 and $1 will be given for other lists comparatively correct.

The extraordinary interest which was manifested in the write-ups was testified to today in the receipt at this office of hundreds of letters containing answers to the queries propounded. As a consequence THE TRIBUNE mail, which is always heavy in the morning, was today large enough to fill a big sack.

While early answers are welcome, still contestants have yet more time in which to send in their answers.

This allowance is made in order to give contestants an opportunity to verify their answers by calling upon the various firms, either over the 'phone or in person, and asking them whether or not this or that write-up is descriptive of their house. Merchants or their employes who are thus addressed will act fairly with all callers or inquirers, giving them correct information in every instance.

Since last Saturday night every firm represented in the write-ups has been called up and called upon times out of number by contestants, proving to them conclusively the merits of THE TRIBUNE as an advertising medium and showing that attention has been directed to their house or business methods as it has never been directed before. In not a few places the management has been obliged to employ special young men or women to answer these queries, which come in a regular stream.

The write-ups in question were published in last Saturday's TRIBUNE and will not again be printed prior to the award of the prizes. There are a few copies of the paper of that date yet to be had at this office.

Competitors will have until Friday noon to send their answers to this office.

No answers will be received after that time.

The announcement of the awards will be made in THE TRIBUNE early next week.

A. A. McDonnell, 914 Castro street, reported to the police this morning that some one had stolen his bicycle from his front yard yesterday.

IN A RIOT

Young Man Nearly Killed in Battle at Berkeley.

BERKELEY, June 26.—A sensational riot took place at the first annual concert and ball given by the Harmonie Club at Berkeley last night in Lorin Hall, on Alcatraz avenue in South Berkeley.

Thomas Higgs, a member of the firm of automobile dealers, was so badly injured during the riot that he lay unconscious on the sidewalk in front of Lorin Hall for nearly an hour, being finally removed to his home, where he now lies in a very precarious condition.

The police were summoned at midnight to quell the disturbance and to arrest the ringleaders of the riot. When Deputy Marshal Bowers arrived on the scene he found Higgs still prone on the sidewalk, unable to move.

Higgs had been kicked in such a manner that it was feared that he might not recover consciousness and that death might be the result of the brawl in which he had engaged.

The crowd had dispersed when Deputy Marshal Bowers arrived and only one or two friends of the injured man remained to care for him. Only these men, all of whom are reticent and very much disinclined to discuss the matter, would be able to tell the cause of the trouble, and all that the police officer could learn was that it had been caused by trouble over a girl during the dance of the Harmonie Club, and that a riot followed in the hallway of the building, the rioters eventually landing on the sidewalk, where a fierce struggle occurred between Higgs and his friend and those to whom Higgs was opposed. None of the men in attendance on Higgs would say who had beaten him and the officer was unable to make any arrests.

An automobile had been summoned by Higgs' friends and the injured man was removed to his home.

The police are investigating the affair, to learn, if possible, the names of Higgs' assailants.

W. H. L. HYNES RETURNS

DEPUTY DISTRICT ATTORNEY TELLS OF HIS TRIP TO FAIR.

Deputy District Attorney W. H. L. Hynes has returned from a two weeks' visit to Portland and Shasta Springs. He was accompanied by his wife. The object of the visit was to view the exhibits at the Lewis & Clark Exposition in the northern city.

"The Exposition was very interesting," said Mr. Hynes today. "The fair is smaller than the one at St. Louis, but it is much more picturesque. The grounds are on a hillside with lawns and trees and the effect is beautiful. Especially is this true at night when the white lights are seen against the background of green foliage. Even the branches of the trees are lined with white lights.

"There are few foreign exhibits and what there are are inferior to those of St. Louis, but the showing made by California is far better at Portland. The California building is one of the features of the fair. There are four entrances and each is a facsimile of one of the old missions of the State.

"In my opinion, the Forestry Building is the most notable one at the Fair. It is built of gigantic logs and is about 300 x 150 feet in size. Even the pillars inside are of massive trees.

"Taken all in all, the Fair is a decided success and it requires only two days to see the various exhibits, whereas at St. Louis one had to devote a day to nearly every building. The various buildings are close together at Portland, but in St. Louis they were so far apart that one was forced to take a car in going from one to another. Californians should feel proud of the showing they have made at Portland."

SAN FRANCISCO, June 26.—Judge Greene of the Superior Court of Alameda county rested quietly today in McNutt Hospital and his physicians say that he is rapidly advancing toward recovery.

SAY FRAUD

Sensational Charges Are Made in Papers Filed.

Fraud and undue influence are alleged in a contest begun today of the will of the late Fabrizio Nigro, who died March 4, 1904, leaving property valued at about $500,000.

The contestant is Fabrizio Nigro, a nephew of the deceased, who sets forth that the widow, Ellen Nigro, and adopted daughter, now Mrs. Oscar F. Breiling, induced the old man to bequeath his property to them by threatening to send him to an insane asylum if he refused to do so.

Nigro came here from Italy in the early 50's. He was a musician and thrifty and rapidly accumulated money. He purchased for $5000 the site at Mason and Eddy streets, San Francisco, where now stands the Poodle Dog Restaurant. That property is now valued at $300,000.

The will, which has already been probated, is dated November, 12, 1902. The following February Nigro was adjudged incompetent and his wife was appointed his guardian. Two months later he died.

Fabrizio Nigro, the nephew who is contesting the will, is the son of Joseph Nigro, a brother of the decedent. He has two sisters, Mrs. Rufina M. Caponigri and Maria F. Nigro, but they have not joined in the contest.

The will bequeaths the estate in America, valued at $340,000 to the widow and adopted daughter, Mrs. Breiling, who was Miss Nataline Gordon. The estate in Italy is left to relatives in that country.

A will made prior to the one probated was contested by two Italians who had been named as executors, but was compromised for $3000.

The Crusade Against the Equitable.

Although the Hyde-Alexander crowd are out and the management reorganized by the creation of a perpetual voting trust with Grover Cleveland at its head, a section of the press continues to hammer the Equitable Life Assurance Society with unabated zeal. The method and persistence of these continuous attacks suggest that they are not dictated either by solicitude for the policy holders or regard for the public interests. Their main object appears to injure the business of the Equitable Society by destroying confidence in its management.

But why should anybody want to do this? it may be asked.

Well, several powerful interests would be benefited by crippling the Equitable. For instance, the railway operators antagonistic to Thomas F Ryan and J Pierpont Morgan would have fewer snags in their path if the Equitable were wrecked. The chief competitors of the Equitable in the field of life insurance will gain a great accession of business if public confidence in the society can be destroyed

Here are abundant motives to account for the bombardment to which the Equitable is being subjected Possibly pique on the part of some of the financiers forced out of the directory has supplied the animus for some of the attacks, and doubtless political feeling against Mr. Cleveland is at the bottom of others, but in the main, the vindictive assaults seem to be dictated by some deeper and more ulterior motive.

It looks very much as if "frenzied finance" were trying to coat the new management of the Equitable with its own pitch for reasons as heartless and immoral as those which animate the hypocrite who goes to the mourners' bench in church that he may have a better opportunity for grabbing the contents of the collection plate. It is to be observed that the loudest croaking against the new management of the Equitable comes from a group of frenzied finance operators in railroads who have been foiled in attempts to get their hands on the Equitable surplus.

Last Saturday THE TRIBUNE contained twenty solid columns of small ads. A more convincing evidence of the value of this paper as an advertising medium cannot be given. A few years ago a full page of small-ads was considered a good showing for an Oakland paper, but the city, as well as THE TRIBUNE, is making rapid strides. Twenty columns in itself, but it possesses a comparative significance which advertisers should not fail to note It was more than all the bona fide small ads printed in all the other Oakland newspapers put together. More than ever is THE TRIBUNE Oakland's greatest newspaper.

It looks as if the German Kaiser is making the Moroccan affair a pretext for giving Great Britain as well as France a sharp call down. At least Lord Lansdowne's announcement that Great Britain would back France up in every particular was followed by a manifest crowding of the mourners by the German Emperor. Russia is whipped into a condition of innocuous desuetude and Austria is impotent from internal weakness, so the Kaiser thinks this is a good time to make the only European nations pretending to rival Germany take a back seat And it looks as if both would go way back and sit down The trouble with England and France is that neither dares to trust the other.

Opening the Doors to Chinese.

Secretary Taft and the commercial interests have prevailed with the President in spite of the protests of Secretary Metcalf in the matter of enforcing the exclusion act. Henceforth a consular certificate is to be accepted as a prima facie evidence of a right to land This looks very well from a theoretical standpoint, but in actual practice the new method of enforcement will open the door to a constant stream of coolies coming here under the guise of merchants and students It is well known, as Secretary Metcalf stated at the Cabinet council, that there are hundreds of fraudulent certificates now outstanding, and the supply from the same source is illimitable. Hitherto no Chinese has been allowed to land until the statements in the certificate were substantiated after a rigid examination. Not infrequently a coolie with calloused shoulders and hands would present himself armed with a certificate declaring him to be a merchant. Such cases disclosed fraud at once. The certificate itself was genuine, but had been fraudulently obtained—something that it is impossible to fully guard against. In modifying the enforcement of the law the President has issued strict orders to all consuls to exercise the greatest care in issuing certificates. It is to be hoped this method of guarding against fraud will be effective, but we doubt it. However, it is best not to be discouraged till the new system has been given a fair trial.

Recreation, a magazine devoted to sports, wants the government to buy the Pablo Allard herd of buffalo and establish a buffalo reservation for the perpetuation of the species The government should do no such thing. A reservation of that character would be a continual expense and serve no good purpose The buffalo is not a useful animal. His extinction is falsely charged to the hunter. He is the victim of civilization. The bison was the product of certain conditions, and when those conditions passed away his survival was impossible Nature made him a migratory animal roaming over vast ranges When these ranges were fenced and settled or turned to the pasturage of horses, cattle and sheep, there was no longer room for his existence. Nor reason and necessity either A good deal of sentimental rot is printed from time to time about the buffalo, emanating mostly from persons who have small knowledge of the animal and still less of the conditions under which he flourished, but it all ignores the fixed and irrevocable fact that the bison is a product of wild nature which cannot exist in company with civilization any more than the giraffe or the dodo. Such creatures perish because civilized man has no use for them.

The President may make peace between Japan and Russia, but it is quite evident that he can never reconcile Bowen and Loomis. However, he does not seem to care about making peace between the two.

The Voice of the Mulatto.

Charles W. Chestnutt, a colored writer of some note, has delivered a lecture at Cambridge, Mass., advocating miscegenation as a solution of the race problem It is a solution that is not likely to appeal to popular imagination, and it is doubtful if such opinions as those expressed by Mr. Chestnutt tend to promote better feeling between the races. It is quite natural that Mr Chestnutt should entertain such views, however, for he is a mulatto. Social law restricts his right to claim a genealogy to the distaff side of his ancestry, but he none the less feels his kinship with both races He probably has more Caucasian than Negro blood in his veins, but he is grouped ethnically with the people to whom he is least akin. Such cases are not rare, and they furnish one of the most baffling features of the race problem. In their case miscegenation has already taken place and borne its fruit; also its consequences. It is a social phase which puts theories to rout. To all who say there must be no amalgamation the mixed blood can return the indisputable answer, "But it has already taken place and I am a proof of it" That the white race has been the active agent in this amalgamation cannot be denied. There are exceptions, of course, but in the vast majority of instances the white has deliberately sought the miscegenation. The consequences are upon both races. The opinion expressed by Mr. Chestnutt is the cry of the mixed blood for the effacement of a mark of injustice done him and his children.

SHEARING THE BABY'S HAIR.

The day they cut the baby's hair
The house was all a fidget;
Such fuss they made, you would have said
He was a king—the midget!

Some wanted this, some wanted that;
Some thought that it was dreadful
To lay a hand upon one strand
Of all that precious headful.

While others said to leave his curls
Would be the height of folly,
Unless they put him with the girls
And called him Sue or Molly.

The barber's shears went snip-a-snip,
The golden fluff was flying;
Grandmother had a trembling lip,
And aunt was almost crying

The men folks said, "Why, hello, Boss,
You're looking five years older!"
But mother laid the shaven head
Close, close against her shoulder.

Ah, well; the nest must lose its birds,
The cradle yield its treasure;
Time will not stay a single day
For any pleader's pleasure.

And when that hour's work was weighed,
The scales were even, maybe;
For father gained a little man
When mother lost her baby!

Beaks—Anything that wears skirts and has $50,000.—Milwaukee Sentinel.

"That's a polite way of referring to it when a couple of fellows who haven't been the best of friends decide to let bygones be bygones and step in to have a drink on it."—Chicago Record-Herald.

"How do you like your job?" we inquired at the end of the first week.

ECZEMA
ITCHES AND BURNS

The return of warm weather means a return of torture to Eczema sufferers. The blood is charged with burning acids and acrid matter which is forced to the surface through the pores and glands, forming pustules which discharge a sticky fluid, and the itching is intense.

The doctors said I had pustular Eczema; it would break out in small white pustules, mostly on my face and hands, discharging a sticky fluid; crusts would form and drop off, leaving the skin red and inflamed. I was tormented with the itching and burning characteristic of the disease for five years, and during the time used various medicated soaps, ointments and washes, but these applications seemed to make me worse. After taking S. S. S. a short time I began to improve; the itching did not worry me so much. I continued the medicine, and soon all the ugly eruptions disappeared and my skin is now as clear as anybody's. I have not been troubled with any breaking out since.
Urbana, O. R. E. KELLY.

Sometimes the disease is in the dry form, and bran-like scales form on the skin, but the cause is the same—humors in the blood. Salves, cooling washes, powders and the like can do nothing more than relieve the itching, because they do not reach the acid-laden blood, the seat of the trouble. S. S. S. cures Eczema and all skin diseases by neutralizing the acids and carrying them off through the proper channels. When S. S. S. has done this the symptoms pass away, the blood is cooled and the disease is cured permanently. Nothing acts so promptly or surely in skin diseases as S. S. S., and it at the same time acts as a tonic to the entire system. Book on Skin Diseases and any medical advice without charge.

THE JAP.

We knew you had a dainty art,
Mr. Jap,
That flowers and incense filled your heart,
Mr. Jap,
Your shibboleth was "Educate!"
Your toil and industry were great,
But still we thought you underweight,
Mr Jap.

Because you had a yellow skin we looked askance at you,
Inclined to think the yellow man was yellow through and through,
But since you're drunk with blood, we touch our military cap;
You look so like a white man, we salute you, Mr. Jap.

We watched you gather all we know,
Mr. Jap,
We watched you plant and make it grow,
Mr. Jap;
We marveled at your native skill,
Which joined your work to ours until
You formed it to your patient will,
Mr. Jap.

But secretly we really didn't think you very much,
For we said, "The Oriental has an imitative touch,
But after awhile he'll run against the Christian in a scrap,
And that will put a puncture in pretentious Mr. Jap.

We watched you devastate and kill,
Mr. Jap,
With something more than Christian skill,
Mr. Jap,
So now, with horror piled so high
Its blood has almost splashed the sky,
We praise you and we glorify
Mr. Jap.

For we're a Christian nation," and our sympathy is real
With any people struggling to reach our high ideal.
Tho' once we called you heathen and we scoffed at you, mayhap,
We love you now since you can lick the Christian, Mr. Jap!

FAMOUS MEN.

When Schiller was a boy at school he was tormented by a Swiss tutor named Kuplig, who came from the Grisons canton. Years later, when the poet wrote "The Robbers," he revenged himself on Kuplig and the Grisons by introducing this little speech. "To be a scamp you must have genius. Moreover, a special climate is needed for the growth of scamps, and to prove this I recommend you to visit the Grisons canton. It is the veritable Athens of modern rascality." In the later editions of "The Robbers," this quaint pit of spleen does not appear. It is suggested that Schiller was not moved to expunge it by any remorseful feeling, but by a very forcible protest from the residents of the abused canton against this calumny.

Andrew Carnegie is a citizen of more towns than any one else He has received the freedom of almost every city in England and Scotland, for which he has contributed a free library or other institution. He will soon require a museum to accommodate the caskets containing parchment rolls of his citizenship. During the last few weeks he has been exceptionally busy. In one week he received the freedom of Ilkeston to which he presented a library, and the freedom of Eastbourne, and was admitted as a member of the Worshipful Company of Makers of Playing Cards, of London, receiving another casket from that company.

In "Aubrey's Lives" this quaint story is told of Lord Bacon: "His lordship, being in the garden looking on fishers as they were throwing their nets, asked them what they would take for their cast, they answered so much, his lordship would offer them not more but so much. They drew up their net, and it was only two or three little fishes, he told them, it had been better for them to have taken his offer. They replied they hoped for a better draught, but, said his lordship, 'Hope is a good breakfast but an ill supper.'"

"SHUN DIVORCEE WHO REMARRIES"

The organization fostered by prominent women of the Roman Catholic Church under the title "The Daughters of the Faith," which, because of its proposed radical position on the divorce question, attracted so much attention, is soon to issue a manual defining its purposes and the method it intends to pursue to accomplish them.

The author, Miss Eliza O'Brien Lummis, treats of questions of interest to those burdened with the preservation of the home and the faith in a manner that must attract attention, even if it fails to gain converts.

"Our own country, whose morality has not kept pace with its enlightenment," says the chapter on divorce, "has thrown off all restraint and allows divorce for the slightest cause and with almost unlimited frequency. Society is, in consequence, on the verge of moral ruin, and nothing but the religious and social recognition of the horror of this crime can arrest the evil that with cyclonic force has, in a comparatively short time, overthrown domestic peace and uprooted the safeguards of purity and honor. To condone the sin is to partake of it, and we should realize its effects as well as its nature, for if we so condone it we become moral participants, not alone in the sin, but also in the evils that follow."

Of the American girl, the author says: "There are many evidences that her training has been so far somewhat theoretical and superficial, an education rather of books than of practice, and the daughters of wealth have been more fully prepared for the uses of society than those of home life."

The women of the Roman Church who remarry after being divorced are criticised unsparingly. The author says:

"The Catholic divorcee who remarries excommunicates herself. She enters into what she knows to be a sinful relationship and by that act openly sets at naught the teaching of the Church. It is not the Church that has cast her out, it is she herself that has broken the filial tie. The Catholic divorcee who remarries must be socially ostracized."

Miss Lummis went to Rome and had audience with the Pope, to whom she explained the purpose of her organization. She left Rome well with a brief, from Pius X, approving of the Daughters of the Faith.

Among the well known society women who are members of the organization are: Countess Leary, Mrs. Van Brugh Livingston, Mrs. Josephine Drexel Emmett, Mrs. Thomas Welsh, Mrs. Hugh de Fritsch, Mrs. E. Townsend, Miss Effie Waddington, Miss Emily Lynch, Mrs. Forbes McCreery and Mrs. J. D. Crimmins.

Cardinal Gibbons, Mgr. Falconio and Archbishop Farley have given their official endorsement and benediction.

HEALTH AND BEAUTY.

Asparagus and carrots are good for the kidneys.

Eat plenty of spinach. It acts as a tonic and a beautifier.

Potatoes, when mealy, are easily digested. When close and watery they are hard to digest.

Good soap, soft water, plenty of fruit, early hours and a daily walk in all weather is a complexion aid.

A poultice of soap and sugar will draw a swelling on the finger to a head in a few hours and the same poultice will draw a splinter from finger or nail.

Powder is bad for enlarged pores. Twelve drops of tincture of benzoin in a basin of water used after washing the face will tend to contract them. You should eat as little meat as possible.

Does your skin look shiny in spite of powdering? This is because the powder will not adhere. To remedy, go over the face with a little sweet almond oil, wipe away and then powder.

What Wall Paper Does For LOVE

You can influence your own life and the lives of other if you only use wisdom in selection or colors.

COLORS FOR VARIOUS NATURES.

★ For cynic—Yellow, the color of sunshine.
★ For the lovesick—Red, the symbol of love.
★ For the nervous—Green, suggestive of rest.
★ For the unhappy—Blue, uplifting, inspiring.
★ For the apathetic—Pink, rose and red, all invigorating.

BOSTON, June 26.—Are you a nervous wreck?

Select new wall paper, win back health and put the doctors out of business.

Has Cupid passed you by?

Decorate your drawing room in shades of red and see how quickly he will find lodging there.

Has hubby's love grown cold?

Surround him with restful greens, optimistic yellows, hopeful, inspiring blues and laugh the divorce court to scorn.

Nonsense? Not a bit of it. You can influence your own life and the lives of others if you only use wisdom in the selection of colors.

You can make a headache an unknown evil or a habit, just by looking at the right or wrong color.

You can win friends or lose them in the same way.

You can sink to the depths of despair or float on the heights of hope by the same token

The effect of different colors upon different temperaments is not a new subject for discussion.

Thirty or more years ago, General Pleasanton drew to himself the attention of men of science, as well as the wit of cartoonists, joke writers and song makers, by his ideas upon blue glass as a cure for disease. All over Boston panes of blue glass inserted in the windows of sufferers of that day still remain memorials to the man who was ahead of the times.

Some years ago a very positive individual gained for himself the characterization of "crank" by saying in communications to newspapers that nobody should be allowed to use red brick in building, nor paint houses a sanguinary color, claiming that it excited people to homicide. Everyone knows how the toreador flaunts a red flag in the face of a bull to goad the animal to bovine madness. Mars, the planet of war, is supposed to grow red grass and foliage.

The chameleon is so sensitive to color that he shifts his skin to the shade of his hide to harmonize exactly with the hue of his background.

Recently a Norwegian scientist, Prof. Finsen, has created a furore by his discovery of the use of violet rays.

So at the present time physicians, scientists, artists, modistes, decorators are studying colors in relation to their effect upon temperaments with a seriousness never before manifest.

On nature's palette there are no jarring notes.

In the grass, trees, flowers, earth and sky, there are no mistakes.

All colors are so arranged that they work together for highest good.

Only when man has stepped in and tried to improve have any blunders been made.

Therefore, in our primary lessons in the right use of colors, intelligent students are turning direct to nature.

One of the foremost apostles of the new color cult is a Boston young woman, Miss Flora Macdonald, whose work as a maker of stained glass windows, a lecturer on art subjects and an interior decorator makes the use and abuse of colors a necessary study.

Miss Macdonald traces the origin of many physical and mental ills to wrong colors.

Also she finds their cure in the substitution of right colors.

"I suffer so from neuralgic headaches," wailed a woman upon whom Miss Macdonald was recently calling. "I don't know what I shall do."

"Change your wallpaper," shuddered Miss Macdonald, closing her eyes to its horrors.

"Why, it's almost new," said the friend.

"It's entirely horrible," retorted the caller. "It's maddening."

The color is nerve-exciting. It is a hideous red, flecked in gold. It is irritating whichever way you look at it. I should have blind staggers if I had it to face.

"Come into my den," said another woman. "I've just had it done all in red."

The color artist stood aghast.

"Whew!" she cried finally, "I feel as though I had scarlet fever."

"Red," declares Miss Macdonald, "is the symbol of love. It is the strongest color. Used properly, it is admirable."

It may be made warm, comfortable and invigorating, or it may be so used as to become exciting, irritating, degenerating in its effect.

I can best explain by saying that there are reds and reds. The clear, strong ruby can be used with impunity by none but a master hand.

Softened reds, those which would come under the heading of secondary or tertiary shades, are splendid.

Yellow is a sunshine color. An invalid can often be positively benefited by a judicious use of yellow about him.

Green, which is a middle color and the foundation of art, is restful. It invites repose. It is excellent for the nervous woman with the peppery disposition. All the clear blues are restful and spiritual in their tendencies.

Only the cold gray blues are to be shunner. They are apt to prove depressing. As a rule, no rooms are so dainty, fresh, clean, sweet and uplifting as blue rooms. They bring out the best of most natures.

Who could help being good in a blue room, cheerful in a yellow room or calm in a green room?

It was said not long ago by a lecturer that a proper selection of colors would solve the divorce problem.

Miss Macdonald refuses to commit herself on the subject.

Each temperament demands a different color, she declares, "and it is a pity that people don't know their own best colors and in choosing matrimonial partners choose a color which harmonizes."

For a cynical temperament Miss Macdonald prescribes yellow.

"It is so sunshiny that it is contagiously cheerful," she says.

For the full-blooded, enthusiastic individual she advocates clear blue, as uplifting and inspiring.

For the anemic and low spirited, red or pink or rose.

As for combinations, they are dangerous and should not be made but o r ers.

"The Indians combine strong greens and clear reds and the result is interesting," she says. "Civilization does the same and an outburst of profanity follows. I don't believe any two people see the same color in the same light.

"For example, I see purple lights in that brick wall opposite.

"I see the glory of the sky reflected in that mud puddle.

"But no two eyes are exactly alike.

"The study of colors should not be termed a mere fad. It's a science. A proper understanding of the proper colors for the proper people would revolutionize the world in an artistic sense.

"No color is ugly. It is the use of them that makes the trouble.

"Do I believe that colors will cure disease?

"Well, hardly so broad a statement as that. But I do believe they do a great deal toward correcting nerves and toward making a person normal.

"And I believe the truly happy home is the harmonious home in an artistic sense as well as in any other way.

"And I also know that a person's temperament and tastes are reflected in colors, pictures, decorations and dress."

There is a well known modiste in Iowa who for years has kept in her designing room a collection of fresh flowers and fresh vegetables and fruits. Carrots, beets, onions, apples, peaches, all help her in planning color schemes.

"In her work she invariably consults the temperament of the woman before choosing the gown. Indeed, she has been known to lose a customer rather than follow that customer's demands and make a gown which she knows would be all wrong.

"'I want a green gown,' a woman will say.

"'Let me make you a blue one,' the dressmaker will suggest. 'Here are lovely blues. They are perfect for you.'

"'But I want green.'

"'Green is not nearly so good. Blue brings out the best tints in your skin, the best light in your hair and eyes.'

"'Green is more fashionable.'

"'Blue is more becoming.'

President's daughter, beneath Philippine stars, this summer will be leading lady in a little drama of a southern sea, with Congressman Longworth, Stuyvesant Fish, Jr., young Mr. Stillman and Roger K. Wetmore each striving for honor of leading man, while Cupid acts as stage Director.

MISS ALICE TO CROSS PACIFIC WITH CREW OF BRAVE SUITORS

WASHINGTON, June 26.—Beneath Philippine stars, this summer, will be played a little drama of a Southern sea, with Miss Alice Roosevelt the leading lady. And the leading man? That's the question that has set Washington and New York society wondering, for there are many and eligible candidates.

Stuyvesant Fish Jr., young Mr. Stillman, Roger K. Wetmore, son of Senator Wetmore of Rhode Island, and Congressman Nicholas Longworth have all signed with the company, soon to sail from San Francisco, and each would play hero to the President's daughter's heroine.

Secretary of War Taft is stage manager, but bravely disclaims responsibility in assigning the parts. Yet folks ponder how much of fate and how much of tactics entered into the throwing together of so strong a cast. For certain it is that these men have booked passage over with the party bound for the Philippines, and which Miss Roosevelt is to grace, and idling time away, even under the most picturesque skies and limpidly mirroring seas, does not generally appeal to the masculine young American, unless there is a young woman in the case.

Perchance, as the ship bravely plows its way across the Pacific, from the Golden Gate, some evening on deck, when seas are not too rough, or moon too bright, Cupid may steal behind the scenes and give to him who reads his lines aright, the place of star in this play of hearts, so beautifully staged and well advertised.

Openly and avowedly, has young Nick Longworth made known his intentions to make the most of these romance-making opportunities, for the youthful Congressman has grasped the fact that only the most unimpressionable of either sex may hope to battle effectively against so seductive an influence as wooing under Philippine skies.

Nor has this fact, apparently, escaped some other members of the party, who desert Newport, the pier, and mountains, at the dawn of society's social day, to pack and rush across the Pacific on a war secretary's junketing trip. And those left behind believe that the little God of Love will do well to look to his darts, that these young bachelors may not lose, through his carelessness, the golden fleece for which they have braved the perils of the deep.

And Miss Alice—what she thinks of all these eleventh hour bookings of young men of money, brains and social standing, she does not say. The personnel of the steamer's list is not her making, though who dare guess, she has not scanned it long ere this?

Young Longworth should now know well his part. Miss Roosevelt has just ended a ten-day visit at the Longworth home, in Cincinnati, where his devotion to the fair guest was so very marked, that at public functions, while society stared and whispered behind fan and program, the two were constrained most studiously to avoid each other's company. And in Washington, when business did not press, he paid open court to the first young woman in the land.

And of the others? Of their hopes, the world has reason to know little, deeds being taken as an index to their hearts. Nor have their names been associated with that of Miss Roosevelt. So their sailing away is a mere fact, taken for what it is worth, while all exclaim "bon voyage" to Miss Alice and a gallant crew; a safe and happy and not a sorrowful return.

DISPUTE RIGHT TO CHILD

COURT MUST DECIDE IF WOMAN IS ..S MOTHER.

The search of a mother for her lost child has finally led her into the courts in an effort to recover it after a lapse of three and a half years, and by a decision of Judge Melvin Saturday the child being born out of wedlock she must make proof of her sin It was objected to the attorney for Edward F Carrick and wife of West Berkeley, who adopted a child from a foundling home in San Francisco that Mrs Marie Nicholson who has brought habeas corpus proceedings in order to take the child away from them is not the mother, and the judge decided that this must first be settled in order to know by what right the petitioner has for bringing the proceedings

Back of the story of the mother leaving her child at a hospital is another of the deception practiced upon the mother by the keeper of the place who in order to get possession of the child told the mother that her infant had been born blind and in this connection Attorney George D Collins said 'The child was born out of wedlock but the mother has since married John Nicholson who is the father of it She however was forced to go to a hospital and went to a place out at 606 Guerrero street, in San Francisco After the child was born it was represented to the mother that it had been born blind and was deformed and that it would be necessary to send it to a public institution and after this she was told that it had died It was not until one day that Mrs Nicholson was talking to a Mrs Reddy an attendant in the hospital who asked her about her child that she discovered the deception that had been practiced upon her Mrs Nicholson in answer to the woman's query as to how the child was said that she had been told it was dead The woman answered that it was not dead but had been adopted by some people in Berkeley by the name of Carrick and a search by the parents discovered that this was the fact and that their child was a hale and hearty little youngster

As the question of the legality of the adoption proceedings had been raised and submitted by attorneys on briefs the ruling of Judge Melvin that the petitioner must first prove to the satisfaction of the court that she is the mother of the child Collins stated that he had been taken by surprise as he thought only a legal question was up for decision and that he would have to have a few days in which to get his witnesses together Judge Melvin stated that he had bought his ticket for the East and that he leaves Monday After some further discussion it was decided that the matter should go over until he returns a month hence and in the meantime the Carricks may still keep their adopted little one

BIT OF LEAD IN HIS EAR

SAN FRANCISCO SOLICITOR HAS PAINFUL EXPERIENCE.

That a patent lead pencil is not just the proper thing with which to relieve the itching in one's ear was discovered Saturday by Samuel Elkert a San Francisco solicitor who lost part of the lead of the pencil down the interior of the ear and went to the Receiving Hospital with a roaring in it that he feared might cause it to burst A complication was added in the fact that the lead was that of an indelible pencil and he did not know as that would add to his comfort by the knowledge that the interior of his ear was painted a purple hue

He explained to Steward Harry Borchert that the pencil was one that you press on the end and it releases the lead and that without thinking he pressed the end of the pencil while it was in his ear and allowed a piece to slip through It was first tried to get him in such a position that the lead would fall out of itself, but after he had been placed in every conceivable position without satisfactory results surgical means were used and the piece finally located and extracted.

WHEELMEN Hold Contests on Many Tracks SPORT GOSSIP Jeff to Referee Root-Hart Mill BASEBALL

FINAL GAME RESULTS: 3 TO 0

BY A. T. SHINE.

On Sunday afternoon the Independents, St. Mary's third nine, achieved their greatest success by whitewashing the Pacheco Corcorans in the final game of the season.

The country team was much heavier than the lithe collegians and appeared more fit to tackle the Phoenix, but the Independents proved sufficient for them. "Midget" Hart was the bright particular star in the proceedings, and his mystic curves were enigmas to the Pacheco sluggers. But two men succeeded in reaching first base. Eleven men were retired on strikes. His opponent, McDonald, was also effective, but the fifth inning proved his undoing.

The young collegians were buoyed up with the determination to win their last game and not an error was evident in their columns. Eddie Burns was conspicuous with the willow and he unfurled two three-baggers from his treacherous stick.

YOUNG PHOENIX WIN FAST GAME

Yesterday, before the largest crowd ever assembled on a Pinole ball field, the Young Phoenix, St. Mary's crack second nine, defeated the Hercules in a blood-curdling encounter. For eight innings the score stood 2 to 2.

In the first half of the ninth Henno of the Young Phoenix got a hit. He was sacrificed to second. The next man flew out. Bart Burke, St. Mary's catcher, came to the bat in this predicament and wrapped a pretty two-bagger to deep left-field, scoring the winning tally.

The Hercules went out in order and, amid the wildest excitement, the Young Phoenix were heralded as victors.

For the first time in the history of Pinole baseball the home fans deserted the Hercules standard and enthusiastically rallied around the cause of the young collegians.

On Saturday evening all Pinole turned out to witness these versatile young artists produce the merry musical drama, "A Doctor Under Difficulty." This affair and the baseball game were given for the benefit of St. Joseph's Church, Pinole, of which Father Nolan, formerly of Oakland, is pastor.

The operetta was the theatrical sensation of the season at Pinole and actually took the town by storm. This exhibition greatly advertised the ball game and to it can be attributed the friends won by the Young Phoenix.

But one error marred the collegians' record, but this one was very costly, and only for it Pinole would not have scored. In the first inning, with two gone, an easy grounder was knocked to Henno at third. He leisurely fielded the play, but undarthrew to first, two crossing the plate on the mishap. After that Henno played a star game, in keeping with the work of his teammates, especially of Thompson, Burke, Hollarin, Dunn, Dana and Domergue.

"Midget" or "Mickey" Thompson and Jesse Loh were the opposing slab artists, and while both did remarkably well, the former was more effective. He had the heavy-hitting Hercules guessing at all times, allowing but five hits and striking out six.

"Jack" O'Connell umpired. As he had to handle the indicator at the Hanlon benefit game in the morning at San Francisco, and in order that he should not miss the Pinole encounter, an automobile waited for him at the Oakland mole. "Jack" arrived just in time for the game after a record run of forty-five minutes.

The Young Phoenix speak loudly in favor of the treatment accorded them by the Pinole people generally, and in particular of the manner in which they were entertained by Manager Ross of the Hercules.

Following was the score of the game:

E. C. HAHN'S FAST TEAM TO PLAY MARTINEZ NINE

GAME AT THE PYTHIAN PICNIC.

On next Wednesday the E. C. Hahn's baseball team will journey to Martinez to cross bats with the Martinez team.

The game will be given in conjunction with the annual excursion and picnic for the benefit of Liberty Company, No. 11, Uniform Rank, Knights of Pythias, which will take place at Bay View Park, Martinez, Contra Costa county.

The E. C. Hahn's team is one of the best about the bay, and is fully able to play in State League company.

The Martinez team is about the best in Contra Costa county, having yesterday defeated the Concords by a score of 8 to 7 in the game played at Bay View Park at the Eagle's picnic.

J. Heaney plays short for the Hahn's and if he continues to improve he will be another Buck Francks. D. Walthour, of State League fame, will be on first station.

"Brick Devereaux" Henry occupies third base, while W. E. Griffin hands everything that comes out to the center field.

The guardian of right field is R. Katzenberg. Over in left field is A. B. Danaker.

Puzzling pills are delivered by George Feige, while on the receiving end is O. Riehl. The midway station is covered by Gus Muller, and last comes the mascot, T. Partello, who, while he does not appear on any of the stations, has by his catching, won many a game for them, says the Hahn's players.

The excursion, held on a week day, promises to be a most enjoyable outing. There will be no long ride on the railroad, but a trip about the bay on a steamer.

Besides the ball game there will be exhibition drills by the different uniform ranks of Knights of Pythias, dancing and games.

The steamer will leave the city wharf, at the foot of Franklin street, at 9 a. m. Returning, will leave Martinez at 5 p. m.

THE E. C. HAHN'S BASEBALL TEAM.

The following is the lineup: Top row reading from left to right: J. Heaney, shortstop; D. Walthour, first base; R. Henry, third base; W. E. Griffin, center field; P. Katzenberg, right field. Bottom row—A. B. Danaker, left field; O. Riehl, catcher; E. C. Hahn and Geo. Feige, pitchers; Gus Muller, second base; T. Partello, mascot.

TRIBUNE TEAM LOSES; SCORE 6 TO 11

The Tribunes met their Waterloo when they went up against Jack Morrella's Pierce Hardware team.

The features of the game were the heavy hitting of Spegal and Taylor, who made two of the longest home-runs ever knocked on the St. Mary's ground.

Zamlock twirled a swell game up to the seventh inning, when he was knocked out of the box by Morrella's heavy hitters. Morsey twirled a good game, although he did not have his regular catcher. The Pierce Hardware team made two fast double plays.

Manager Morrella challenges any amateur team in the State, out-of-town teams preferred.

HOGAN GOES UP IN THE AIR

TACOMA, Wash., June 26.—In the fourth inning Kelley's failure to hold Franck's throw for a double play sent Hogan skyward. The Tigers then laced out six hits, scoring as many runs, with the assistance of a passed ball. Outside of this Hogan was effective. Thomas was in his usual good form.

In the ninth inning O. Graham doubled and scored on Eagan's wild throw. Lohman's finger was split and Streib took his place.

Sheehan made the most sensational catch seen here. He caught Kruger's hard line drive with one hand, doubling Van Haltren at first.

There was no forenoon game on account of wet grounds. Rain fell as the afternoon contest was called, so the attendance was reduced to 1000. Score:

EVENING CLUB WILL PLAY AGAIN

The Saturday Evening Club has reorganized, and will again play practice games of association football against the Seamen's Institute, on the Twelfth and Madison street grounds in this city.

Some ten years ago the Oakland Football Club, then a part of the Y. M. C. A., had an eleven who used to play practice games on the Madison street grounds. The games began at 5:15 p. m. and lasted until about 8 o'clock. The contests were very popular with players and the public.

It has been decided to reorganize. Further particulars may be obtained and names registered from Edgar Pomeroy, 865 Post street, San Francisco or Arnold Hunter, 915 Fifth avenue, Oakland.

SPOKANE NOT FOR COAST LEAGUE

PORTLAND, June 26.—James A. Miller, auditor for Whatcom county and one of the directors in the Pacific Northwest League, does not believe that Spokane will be taken into the Pacific Coast League. He does not base this opinion on any acquaintance with the affairs of the Coast League, but because of the fact that Lucas has a hold on Spokane so far as organized baseball is concerned, which he is not prepared to loosen. Mr. Miller, who is a 33d degree fan of Bellingham, admits that there is more than a lingering hope in the hearts of people in his section that a new Northwest League will be organized next year, in which case it would be good policy to hold Spokane.

TO HOLD CITY.

It is not the intention to place a team in Spokane at the present time, but rather to hold the city. Questioned as to whether the city could be held as baseball territory without having a team there, he cited the case of Pueblo, which, he says, was held for two years.

"Up in our country," said Mr. Miller, "they think there will be a Northwest league in 1906. It might be possible to arrange a six-team league. Vancouver is stronger as a drawing card than Tacoma, and Bellingham would probably do for the other city. So far as transportation is concerned, it would be an ideal league. The people of Seattle take more interest in the games in our league than in the Coast League games.

VICTORIA WEAK.

"Vancouver has proved a strong city so far. Victoria is our weak spot, probably from the fact that they have a poor team. We have been handicapped in Bellingham by poor weather, but we have a good team. Kirby Drennen is proving a wonderfully good manager. Druhot and Califf are making good in the league and Califf, I think, is without doubt the best pitcher in the Northwest League. While the ball is probably not as fast as in the Pacific Coast League it is good baseball and you would be surprised to learn the interest that is being taken."

SAN FRANCISCO HAS JOHN L. SULLIVAN

John L. Sullivan, once champion heavyweight, is registered at the Palace Hotel in San Francisco. He comes down from Tacoma to appear in a ten-cent show house. With Sullivan is his manager, H. P. Hall and his training partner, James McCormack.

Sullivans last appearance in San Francisco was about a dozen years ago in a show at the old Bush street theater, when he appeared in a melodrama.

Sullivan looks well, but age and avoirdopois have combined to make him heavy, ungainly and elephantine of movement. He has lost none of his foghorn voice, and his ordinary talk can be heard as of yore fifty feet away. His arrival at the Palace occasioned no excitement or talk. He did not visit the bar and was in evidence very little after registering. The fact that no crowd follows at his heels will probably enable him to remain at the caravansary of Colonel J. C. Kirkpatrick without getting into disfavor with the management.

At Idora Park tomorrow afternoon San Francisco and Los Angeles will begin a second week's duel.

At Portland, Tacoma and Portland will clash.

At Seattle, Oakland and Seattle will engage in war.

The morning game between Tacoma and Oakland yesterday was prevented by rain, and in the afternoon the Tigers and the Commuters clashed, with disastrous results to the latter.

On the local grounds yesterday morning the Seals lost to the Angels, but in the afternoon across the bay Harris' hirelings won a pretty sixteen-inning contest.

Right and Tozier have been added to the Los Angeles pitching staff, and ought to help Morley some in the going.

The Portland-Seattle game scheduled yesterday at Portland was postponed on account of rain.

WOULD SHOOT BASEBALL PLAYERS

NEW YORK, June 26.—Perched on a chair, with a pistol in her hand ready to shoot any one that might enter her property, Mrs. Marie Stoutstandt, a wealthy woman, of New Dorp, Staten Island, watched the members of the Empire Club play ball yesterday afternoon on a plot of ground adjoining her own.

Fortunately the ball remained on the diamond. Had it rolled upon her property, Mrs. Stoutsandt declared she would have positively killed the person who went after it.

The Empire Club is made up of prominent railroad officials of Manhattan, who have summer homes on Staten Island. Once a week the members who are married bring their families to witness the game.

WHAT SHE DID.

Mrs. Stoutsandt called on Magistrate Marsh at Stapleton on Friday and asked for warrants for all the members who play ball. The Magistrate refused, and she decided to take the law into her own hands.

Going to a hardware store she purchased a revolver. Appearing on the field yesterday just as the members were assembling she asked them not to play. They informed her that it was not her property and decided to go on with the game.

"You will have to take your medicine then," said Mrs. Stoutsandt. "If the ball comes over on my property I will shoot the person who dares to go after it."

She then came out with a chair and gun in hand and watched throughout the game.

No need to fear sudden attacks of cholera infantum, dysentery, diarrhoea, or summer complaint, if you have Dr. Fowler's Extract of Wild Strawberry in the medicine chest.

JEFFRIES WILL REFEREE BIG FIGHT

RENO, Nev., June 26.—James J. Jeffries, the retired champion heavy-weight pugilist of the world, will referee the Hart-Root fight to take place in Reno a week from tomorrow afternoon. At that time he will surrender his present title and confer it upon the winner of the finish fight to be held here.

This mooted question was settled last night when Promoter Egan received an official message direct from the headquarters of Jeffries at Catalina Island. This message reads that the offer to come to Reno had been accepted and that Jeffries will start for the Sagebrush State Thursday morning. He is expected here not later than Sunday morning.

It is understood that the inducement for Jeffries' appearance here on July 3 is $1,000 cash, in advance, paid him by the promoters.

GEO. GARDNER WILL FIGHT WINNER

CHICAGO, June 26.—George Gardner of the fighting New England family of that name, has practically been matched for a fight with the winner of the Marvin Hart-Jack Root bout in Reno, Nev. With his brother, Jimmy, the Lowell man arrived here yesterday from the West, and no sooner had he set foot in the city than he opened negotiations with Root's manager in the event that the latter beats the Louisville man. He says he has arranged for a fight with Hart if the latter is victorious.

Jimmy is so badly disabled that he is scarcely able to walk, and physicians tell him he will have to remain in bed for at least two weeks when he gets home. His injuries come as a result of a low blow by O'Keefe in an early round of his recent contest.

BIKEMEN ON SEVERAL TRACKS

The Eden Cyclers won from the Central City Wheelmen in a thirty-mile relay race yesterday on the new San Leandro track. Eden crossed the tape one-half mile in the lead.

T. Trego of the Oakland Wheelmen won the one-mile handicap race, and the half-mile scratch race resulted in a victory for T. Waible of the Garden City Wheelmen.

The Garden City Wheelmen won first place in the pursuit race, with the Oakland men second.

FAST TIME MADE BY WHEELMEN.

Four members of the New Century Wheelmen yesterday undertook to lower the club 100-mile record from this city to San Jose and return.

Although not successful in lowering the record, three of the riders finished well inside the time allowance and will receive the club gold bars for their hard ride.

O. Hooper finished first, closely followed by Gus Baraty and Joe Herzog.

The roads were in fairly good shape, and but for a strong head wind on the return trip faster time would have been made.

RIDERS OF RENO STILL UNDEFEATED.

RENO, June 26.—In the presence of an immense crowd the Reno Wheelmen lowered the colors of the New Century of San Francisco in an exciting fifty-mile relay race here yesterday afternoon.

The California team held its own until the fourth relay, when Carter of Reno in a remarkable spurt pulled away from Bailey of San Francisco, finishing his relay nearly one-eighth of a mile in the lead.

Mainland of the Century's rode the fastest mile, covering the distance in 2:20 flat. The best five miles was made by McKenzie, Reno, time 12:30.

WINS TITLE AT CRICKET GAME

The San Francisco County cricket team defeated the Pacific eleven by thirty-nine runs in a match for the 1905 championship of the California Cricket Association yesterday on the ground at Alameda.

The Pacific team went to the wickets first and made a good start, only two wickets being down for sixty-two runs. The first six batsmen obtained double figures, Elliott's score of thirty-two being the best. The remaining five batsmen, however, scored only three runs and the inning closed for 107.

With four wickets down for thirty-four runs, the San Francisco team seemed likely to lose the match, but Richardson's innings of sixty-eight put a different complexion on the game, which was won for a loss of six wickets. The total of the innings was 146. For San Francisco County the most successful bowlers were Richardson, who took five wickets, and Isern, who captured four wickets. For the Pacific team Wilkes bowled best, taking four wickets.

CLIMBERS ARE TO HAVE OUTING

PORTLAND, Or., June 26.—The twelfth annual outing of the Mazamas, a mountain climbing club of this city, will occur at Mount Rainier during July of this year, and the club will be accompanied by an unusual number of prominent scientists and college professors.

Among those will be several members of the Appalachian Club and the American Alpine Club, including Professor I. C. Russell of the University of Michigan, who has made a special study of Mount Rainier, and Professor I. C. Tufts of Tuft's College, Massachusetts, who has extensively explored Alaska.

The Sierra Club of California will send a party of one hundred or more, among whom will be several prominent scientists and professors from the University of California, Stanford and other colleges of that State.

The party will also probably include Dr. C. Hart Merriam, chief biologist of the United States Government; Gifford Pinchot, chief forester of the Government; Professor J. S. Diller, chief geologist of the Government, and Dr. Henry Gannot, chief geographer of the Government.

FAST TIME IS MADE BY PIGEON

Flying against a heavy head wind, one of Dr. M. V. Kempe's young homing pigeons won the 200-mile race from Sunset, Cal., to this city yesterday by making the distance in six hours, eight and one-half minutes.

The bird flew at the rate of 1,141.91 yards per minute. The winner of the second prize was B. T. McBain, whose bird came in a quarter of a minute later.

NEWS OF THE DAY FROM THE SUBURBS

GRIEF COMES QUICKLY TO BRIDEGROOM.

Young Portland Man Returns to Berkeley With Body of His Beautiful Wife.

BERKELEY, June 26.—Grief after the joys of a honeymoon has come quickly to young H. W. Ainsworth, the son of a millionaire lumberman of Oregon, whose marriage to Charlotte Henley, a brilliant University graduate and belle of the University town, was a society event of note a few months ago.

Young Ainsworth arrived in Berkeley last night from Portland, with the body of his beautiful young bride. He came to the Henley household on Home street a mourner, only to meet others who mourned almost with the intensity of his own grief. In the Henley household, in a darkened bedchamber, lies Mrs. James B. Henley, at the door of death, while her children hope in desperation that the life of their mother may be prolonged, if it be found impossible to save it altogether.

Mrs. Henley has not been informed of her beautiful daughter's untimely death. The young bride passed away last Thursday, but the mother knows nothing of the event. She does not know that the young husband of her daughter waits below, prepared to receive news that will mean a double grief for him and mourning for the death both of wife and mother. Scrupulous care is exercised to keep the story of Mrs. Ainsworth's death from the aged mother, for it is known that the attendant shock would make the spark of life flicker and die at once.

Charlotte Henley, who graduated at the University with the class of 1902, enjoyed the distinction of being, without doubt, the most beautiful girl in the University, a star of the first magnitude in society in the University town, and generally beloved. Her acquaintance with young Ainsworth developed into a college romance, culminating in their wedding last winter at the home of the bride's mother, 1912 Home street. Then the young couple went to Portland to live, a handsome residence having been prepared for them there by the groom's people. Death came to the bride before the keys of her household had time to become warm in her hand.

Mrs. James B. Henley, the mother, is the widow of Captain J. B. Henley, a pioneer resident of Berkeley, who did much to develop the city and at various times occupied positions of public trust.

SUMMER SCHOOL OPENS AT UNIVERSITY.

Great Names Adorn List of Instructors Who Will Give Courses at Berkeley.

BERKELEY, June 26.—The summer school of the University of California opened today with a University meeting in Hearst Hall, this being the first time when representatives of all the courses are to come together for general consultation. The speakers at this meeting were Professor J. Mark Baldwin of the chair of philosophy in Johns Hopkins' University and Professor H. Morse Stephens of the chair of history and director of the department of university extension in the University of California.

The total registration of attendants at the summer school this year is not complete, but already numbers close to a thousand, and is expected to be greater than in 1904. The majority of those who have registered are school teachers of the State, the courses being designed in part for their particular needs.

The prominent instructors from the East and Europe who have been engaged have all arrived, including Dr. Ludwig Boltzmann, professor of physics at the University of Vienna; William G. Hale, head of the Latin department of the University of Chicago; Calvin N. Kendall, Superintendent of Schools of Indianapolis, Ind.; Hammond Lamont, managing editor of the New York Evening Post, who will give a course in English; Thomas Day Seymour of the Greek department at Yale; Albert Augustus Stanley, professor of music at the University of Michigan; Reuben Gold Thwaites of the history department of the University of Wisconsin.

The most prominent members of the faculty of the State University are to give courses during the summer school session, the courses including philosophy, education, law, history, music, Greek, Latin, English, German, French, Spanish, mathematics, physics, astronomy, geography, chemistry, zoology, physiology, mineralogy, civil engineering, drawing, agriculture and horticulture, entomology, physical culture and domestic science.

FARMERS COMPLAIN

White Centipedes Injure the Plants.

BERKELEY, June 26.—C. M. Woodworth, associated professor of entomology at the University of California, believes that all text books and scientific works treating of the American centipede will have to be revised, in view of information that has come to him from California farmers about the centipede's work.

Hitherto the centipede has been classed as a carniverous insect, which lived on other insects and minute forms of animal life. Now comes the startling information from the gardeners along the Sacramento river that centipedes eat, live and are happy on a diet of asparagus, beets, carrots and other vegetables that have tender and succulent roots.

Recently a few specimens of the white centipede were sent to Professor C. W. Woodworth, with a letter of complaint, stating that the pest was becoming very troublesome, doing great damage among the asparagus beds and the beet and carrot fields. Professor Woodworth immediately recognized the specimens sent him as the Scolio pendrella, commonly known as the white centinede.

The farmers, in their complaints to the department here, say that this white pest causes them great damage by eating the roots of the vegetable. It prefers the asparagus, but is by no means particular, and where the asparagus is scarce it assails the beets and carrots with much avidity. By confining itself entirely to the soft, tender roots of the plants the harm it causes is very serious.

Acting on the information sent to him by the farmers, Professor Woodworth will make a thorough investigation of the trouble and devise methods for destroying the pest.

AT ALL GROCERS.

FRUIT EXPERT

Government Man Helps Growers Here.

BERKELEY, June 26.—Having completed part of his work as a government expert, G. Harry Powell, chief of the department of warehouses and transpuortation, United States Department of Agriculture, returned today from Fresno, where he has been instituting a system of fruit cooling that will mean much to the growers and shippers of deciduous fruit. The fruit growers have long known that the poor quality of the California peaches and pears is due to the fact that they have to be picked while green in order that they may reach Eastern markets in sound condition. The fruit fails to secure the rich flavor possessed when allowed to ripen on the trees.

Since the problem seemed to be one entirely dependent upon the shipping, the fruit growers applied to Powell who has been in Southern California during the last five months testing methods for shipping lemons and oranges East. He made tests in cooling the fruit before it was placed into refrigerating cars. He found that the ripe peaches could be sent to Eastern markets, if they were cooled to 40 degrees before being placed in cars. Hitherto the fruit has been placed in the cars as soon as it was picked from the trees, when the temperature was as high as 90 degrees. It required from four to five days en route for the fruit to cool to 40 degrees. A large portion of the shipment rotted before it reached the market.

In the cantaloupe region, the Southern Pacific Company has already built large cold storage houses, where the melons are cooled before packed for shipment.

Next week Powell will go to Newcastle, where the same work will be done that was carried out at Fresno. Powell hopes to have the tests completed by the middle of July, when he will return to Washington.

BEAUTIFULLY PLAIN CASE.

(From the Boston Herald.)

Ah, now it is understood why man adores the horse! The horse is the one animal whose beauty is comparable with that of woman. As woman is the embodiment of that ideal, so the horse is the living symbol of beauty in its highest animal form. Women and horses are mates. Hence the horse shows. How easy!

FIRST WOMAN TO GO THROUGH SUBWAY.

She Donned Overalls and Jumper of a Laborer and Then Made the Trip.

MISS GENEVIEVE CAMPBELL.

BERKELEY, June 26.—Genevieve Campbell, the first woman to go through the great New York subway and make the perilous trip before the huge engineering feet was completed, is in the college town. A cousin of Miss Campbell, a constructing contractor, took the fair traveler through on a motor car used in the work of building the underground thoroughfare. She made her ride through the tunnel when the walls were yet to be completed, and the rails were but temporary affairs, running over a wet and oozy road bed.

In making her ride Miss Campbell, who is now a prominent member of the Empire stock company at the Berkeley theater, donned the overalls and jumpers of the laborer and wrapped herself in a big rubber overcoat. Seven miles were made on the whizzing motor, and at times the speed reached the time limit of subway travel today.

The trip was made a year before the regular trains were run and was considered a really dangerous run. The young actress' nerve, however, did not fail her, and she emerged from the hole in the ground somewhat soiled, but otherwise uninjured.

WORK OF A BEETLE

Operations of An Insect Pest.

BERKELEY, June 26.—The viticulturists of the agricultural department of the University of California have found what they believe to be the cause of the damage caused annually to the growers of the famed Tokay grapes through the dropping off of the berries before the fruit can be marketed. Professor F. T. Bioletti announced today that undoubtedly the imported grape flea-beetle (adoxis vitis) can be blamed for the harm done to the grapes.

The famed Tokay grape is the principal market variety and the growers of this variety have suffered thousands of dollars damages each year because the berries fall from the bunches before the grapes are ripe and also after they have been picked. Although the flea-beetle was suspected of the harm, it was never positively known that he was the real cause.

One enterprising grape grower, E. F. French of Florin, watched the actions of the beetle very closely for many years, and recently notified the department here that he was positive the flea-beetle caused the dropping of the berries and also what is known as the sunburn.

At Santa Clara Professor Bioletti has begun some tests relating to the annaheim disease, which has defied the scientists for nearly twenty years. The first experiment was made at Santa Clara with the Lenoir grape, which is supposed to be less liable to the attack of the disease than any other variety. This contention was found to be entirely erroneous, however, the Lenoir not only proving an easy victim, but succumbing when the annaheim seized it.

STAR STUDY

Gives Coin For Its Continuance.

BERKELEY, June 26.—Announcement has been made at the University of California that D. O. Mills, through whose philanthropic munificence the Mills expedition to the Southern Hemisphere was fitted up, has donated additional funds to the directors of this expedition to continue the research work for five years more instead of the original two years for which it was first fitted out. This will enable the astronomers, who have been sent to measure the stars of the southern sky which cannot be measured from the northern observatories, to carry the work to a more satisfactory end.

The expedition, under the lead of Professor Wright, is at the present time located on Mount San Cristobal, near Santiago, Chile. Professor Wright is accompanied by two assistants. They are now working under difficulties, being in need of a spectograph of lower dispersion in order that the determination of the radical velocity of stars in the Southern Hemisphere may be extended to much fainter stars than can be attacked with the present powerful three-prism spectographs. With the funds now supplied by Mr. Mills this instrument can be secured and the work fully carried out.

The work of measuring the radial motion of sidereal stars has been undertaken by Professor Wright and Professor Palmer. During the last season they have made seventeen spectographic observations of binary stellar systems. The winter in that region has been cloudy and unsuitable for good work, but the last few months have been very favorable to their work and they have derived very satisfactory results.

In the stilly night we sometimes dream of that Memorial afternoon baseball game in which the saints had it handed out to them in a mourning envelope. It was a time when even a quiet man with side-whiskers felt that he must holler like a professional vocalist with an attack of the piano twitters.—Minneapolis Journal.

STEALING LIGHTS

Take "Juice" From Electric Wires.

SAN LEANDRO, June 26.—Officers in the Suburban Electric Light Company have discovered a number of attempts to steal their power for lighting purposes. The first case investigated was that of G. L. Price, a photographer, who has been temporarily located at the corner of Merrill and Putnam streets in Fruitvale. For over a week the suspected wagons were watched, and the company's agents discovered that wire had been connected with the lines of the company. Friday evening G. J. Clark, the manager of the San Leandro office, and W. Shuhaw saw the lamps lighted inside the wagon, and cut the wires connecting. The light went out and started again when the connection was re-made.

This effectually proved the guilt of those using the lights, and the matter was referred to William Angus, the superintendent. He immediately swore out a warrant for Price, the proprietor of the traveling gallery, and it was given to Constable Carroll to arrest the man. But it was found that Price was already in jail, on a felony charge, being arrested for forgery. The wife and child of the man were not molested.

Other Fruitvale people are suspected of hiding their light under a bushel. Constable Carroll has the names of several suspects and is making a thorough investigation.

STEALS OYSTERS.

Otto Ruf of this place was arrested last week by Henry Gooch, game warden, for stealing oysters from the lands of the San Leandro Oyster Company. A number of the bivalves were found in his possession on the grounds of the company.

The officer took his prisoner to L. D. McArdle, the local manager of the company. After giving the young man a good lecture Mr. McArdle decided to allow him to go. He promised to mend his ways in future and spare the lands of the company.

BOARD TO MEET.

There will be a meeting of the School Trustees of San Leandro district some time this week or next. It is expected that all the old teachers will be reengaged for the next year, as all have given satisfaction and none has resigned. It is not anticipated that the force will have to be enlarged.

FOR THE CHILDREN.

Special services were held yesterday morning and evening in the Methodist church here for the children. In the first session the pastor, Dr. A. J. Hanso, spoke to the graduates of the schools here especially. He discussed the advantages of education and the responsibilities it confers upon those enjoying the benefits of it.

Exercises by the children themselves formed the major part of the evening service. Mr. Hanson had drilled the little ones in a number of pretty recitative and musical selections, and they were rendered in a satisfactory manner. The church was handsomely decorated in honor of the day.

W. O. W. SMOKER.

Invitations have been sent to all the members of Cherry Camp of Woodmen to attend the installation and smoker to take place on Thursday evening, July 6. The affair is to be held in the Masonic Hall and will include a musical program of excellence as well as a dinner. In charge of the arrangements are J. N. Frank, L. L. Critchlow, M. Geisenhoffer, L. D. McArdle, and J. Cunningham.

ALBERT RUHLING HAS DISAPPEARED.

Family is Distracted and Friends Claim That He Has Met With Foul Play.

ALAMEDA, June 26.—Albert Ruhling of 826 Santa Clara avenue has disappeared as if the earth had engulfed him, and his family, well nigh distracted with grief, declare that he has met with foul play. He was last seen by them on Friday at noon, when he started to Park street in a buggy to make some purchases. When night came on the ones at home became alarmed, and sought for him, but without success.

Saturday morning one of the Ruhling children saw her father's horse and buggy driven down Santa Clara avenue. The little one followed, and eventually ascertained the residence of the driver, an Italian vegetable gardener in the West End. The Italian stated to Mrs. Ruhling that he had bought the rig from her husband on the preceding afternoon, but he was unable to produce any bill of sale or like document to support his statement.

She has visited all of the hospitals and other public institutions where her husband might be found, but her quest has been fruitless.

She said today: "I am almost certain that my husband has met with foul play, for in all our twenty years of married life he has never gone away, even though it be but for a few hours, but that he would tell us of his destination. He left here Friday in the best of health and spirits, and since then we can find no trace of him. He does not drink, nor has he any other intemperate habit. No, it is not suicide, for there could be no motive. He was our only support; without him, what will we do?"

Besides a wife the missing man has two children, Rosa and Freda, aged respectively nine and fifteen years. He was about fifty years of age, tall, of slight build, and walked with a pronounced lameness. When last seen he was attired in a grey suit.

The matter has been placed in the hands of the police, but they have been unable to discover any trace of the missing man.

The Misses Myrtle Ward, Hattie Lawlor, Ray Burdick, Ruth Turpenning and Agnes Porter will act as ushers. The ring bearer is to be Alice Hansbrow, sister of the groom, and the flower girls of the occasion are to be Irma Auerbach and Amy Ohlson.

The church has been lavishly and tastefully decorated with pink and white blossoms. A floral gate has been erected before the platform, and upon the approach of the bridal party it will swing open to admit them beneath a bell of roses, where the ceremony is to be performed.

A reception will be held at the home of the groom, 1533 Verdi street. The couple are to spend their honeymoon in Portland and vicinity, and upon their return will reside in Alameda.

OFFERS BOGUS CHECKS.

A man giving his name as Joseph Ling and stating that he was a representative of the Pacific States Telephone Company tried to pass a forged check on the merchants here last week. He first tried C. Noschka, proprietor of the Elmhurst Hotel, but mine host was too wise and telephoned to Oakland for information, learning that no such man was in the company. Not telling the gold brick artist that he had found him out, Mr. Noschka stated that the could not cash the paper, whereupon the man disappeared, owing the proprietor for his dinner.

The same slick party tried the scheme on J. Warrilow of the Home Restaurant here, but was again foiled. Leaving Elmhurst, he tried Haywards with more success, getting about $3 in change after making small purchases with his checks. He has not been apprehended, though the police are on his trail.

HAND BURNED.

Manuel Menha of this place was the victim of a painful accident last week. He was experimenting with a stick of blasting powder when the explosive became ignited, badly burning the left face and hand. The injury is not fatal, though serious.

Public notice is hereby given that default having been made in the payment of taxes due to the Piedmont Sanitary District, in the County of Alameda, State of California, for the year 1904, upon the property hereinafter described, the Tax Collector of the County of Alameda, by authority of law, did upon Monday, November 28th, 1904, and upon Monday, April 24th, 1905, at 6 o'clock P. M., levy upon said property. Now, therefore, I, James B Barber, Tax Collector of the County of Alameda, State of California, will on

MONDAY, THE THIRD DAY OF JULY, A. D. 1905

At the hour of 10 o'clock A. M. of said day, sell the same at public auction in the Tax Collector's office in the County Court House of the County of Alameda, in the City of Oakland, unless the taxes delinquent, together with the costs and percentages, are paid, or so much thereof as may be necessary for such purposes.

Public notice is further given that pursuant to the resolution of the Sanitary Board of said District in making such sale, I will sell each of the respective parcels of property upon which said taxes are a lien to the person who will take the least quantity of land, or in case an undivided interest is assessed, then the smallest portion of the interest and pay the taxes and costs due, including fifty cents for each lot, piece or tract of land separately assessed. WANT CHINESE AND JAPS SHUT OUT.

Exclusion League is Formed at a Mass Meeting Held Yesterday.

The Chinese, Japanese and Corean Exclusion League was formed at a mass meeting yesterday afternoon.

The following resolutions were adopted

"Whereas, The conviction in the minds of the vast majority of the people of Alameda county is identical with that of the immense mass of the population of the nation, namely, that a grave crisis is now in our midst, menacing alike the existing status of commerce and of labor, the outcome of which tends to lower the standard of remuneration in both so that aliens from Asia may exploit this country for their special benefit; and whereas, the rapidly increasing numbers with which they are arriving on our shore imperatively demand immediate attention; and as these Japanese, Coreans and Chinese have but one object in view, to carry back with them to their respective countries the wealth they accumulate in this land, measures framed, and enacted by the national Legislature adequate to cope with this ever-increasing competition are looked for with anxiety by citizens of all conditions, and, whereas, the language recently used by Secretary Taft, which, for want of tact, impartiality and lack of knowledge of the subject under discussion is not to the credit of one holding such a position and in utter disregard for the law of the land, and which for deplorable blundering, on the part of a statesman, is unparalleled and without a precedent, therefore, be it

Resolved, That immediate action of a clear, well-defined and energetic character is expected from all who feel the urgent need of legislation by Congress, having for its object the exclusion of Chinese, Japanese, and Coreans and all other objectionable aliens whose presence would be prejudicial to the best interests of American citizens without distinction of class;

"Resolved, That copies of the foregoing be forwarded to President Roosevelt, Secretary Taft, Labor Commissioner Metcalf, Governor George C Pardee and their representatives of both houses of the legislature of this State.

The paragraph referring to Metcalf was eliminated for the reason that it was not desired to criticise Mr Metcalf until it was definitely ascertained whether or not he had made the remarks which were accredited to him by the public press in dispatches from Washington It was decided that Mr Metcalf should be communicated with and that he should be asked to explain his stand as relates to the immigration of undesirable aliens.

PLAN PERMANENT ORGANIZATION.

The convention decided to form a permanent organization, free of all political alliances, and with but teh one aim—that of the exclusion under reasonable restrictions of Japanese, Chinese Coreans and other objectionable aliens. Particularly will the organization combat the free and unrestricted immigration of Japanese and with public meetings and literature.

T F. Marshall was chosen as president of the organization. "We are face to face," said Mr. Marshall upon assuming the chair, "with a serious crisis, a crisis not only to this State, but to the whole country and one which the people are but beginning to realize. We have a serious work before us. I regret that in the struggle we will find the line drawn between wealth and industry, but we must recognize that Asiatic immigration is a question rather for the workman than for the employer, and the voice of protest needs a concentration and direction, which it now lacks.

"We have heard it said by some that the exclusion laws as they relate to the Chinese have been too stringent. Maybe they have been too stringent for some, but they have never been too stringent for the laboring classes, and we find ourselves today, not protected, but forced to fight for protection. The American laborer or workingman should not be asked to compete with the cheap unhealthy coolie that comes from China, Japan or Corea They are taught to live in masses, to live cheaply, to thrive upon what would be starvation to the American Their advent into this country means lower wages, and lower wages in any shape means demoralization and disorganization. If we open our gates to the 300,000 000 people of China, to the 45,000,000 of Japanese and then to Corea this country will face a crisis, the effect of which cannot be foretold. We need concentrated effort now to protect ourselves, we need to work for our rights and to encourage those who are aiding us."

STATE ORGANIZER.

George K. Smith, State organizer of the Federation of Labor took a prominent part in the proceedings and assisted greatly in the work of organization. Mrs R West, another foremost worker in the cause of exclusion, was made secretary of the committee on credentials

Other permanent officers elected follow: J L Malone, A. Schroeder, R R. Clark vice presidents, A E Maden, secretary, Mrs. G K. Smith, treasurer, Robert West, sergeant-at-arms The appointment of committees was left to the president, and he will announce them at the next meeting It was decided that meetings should be held once a week, every Sunday afternoon at 2:30 o'clock, in the hall at 453 Eighth street

The convention was in session about three hours and the entire time was devoted to the transaction of routine business Outside of the brief address delivered by President Marshall, there were no speeches other than such as occurred in the making of a motion or the nomination of an officer The convention was attended by men and women, and all were anxious to undertake and to urge forward the movement against the dominate influence of Orientals in American trades."

TO AFFILIATE WITH OLDER BODY.

It was suggested that the local association affiliate with the San Francisco organization and during the week steps toward this result will be taken It is the plan of the Oakland league to have exclusion societies formed in all of the principal cities of the West and to have permanent headquarters established either in San Francisco or Oakland.

The Oakland organization will be perfected next Sunday. The president has two vice presidents to appoint and a committee of seven on by-laws and constitution, and these will be announced at the next meeting It is proposed to adopt by-laws and a constitution similar to that of the San Francisco society.

For the meeting next Sunday President Marshall and Secretary Maiden have been authorized to secure two speakers It is probable one will be secured from San Francisco and the other from this city. During the week the question of affiliating and co-operating with the league in its work will be presented to the labo. unions of the county, and also to several fraternal organizations, and it is expected next Sunday will find the Chinese, Japanese and Corean Exclusion League of Alameda county on a firm basis and with a large membership.

THROWN FROM SCENIC RAILWAY

CHICAGO, June 26—In view of several hundred pleasure seekers, Charles Worthmiller, a switchman, has been thrown from a rapidly moving car on the Scenic Railway at a South Side pleasure resort, falling to the ground, 50 feet below. He died soon soon afterward, at the Resort's Emergency Hospital.

When the scenic train departed down the incline, high in the air, Worthmiller and a companion were seated in the front of the car.

As the car was being elevated to the depot Worthmiller stood up. He was warned of the danger, but paid no heed to the caution.

When the car started on its trip down the steep incline, running at a rate of seventy-five miles an hour, the man waved his arms and shouted. The next instant the car bounded up a curve The jolt caused Worthmiller to lose his balance. He threw his arms out to catch himself, and as he did so struck one of the posts. He was thrown from the car headforemost

When he was picked up Worthmiller was unconscious. He had landed on his head, fracturing his skull.

Any one can have a clear complexion. There is a simple remedy at hand, and it is water, which should be drunk freely, but not at meals.

AEROPLANE DID NOT SAIL IN THE AIR.

Balloon is Wrecked As it is About to Carry Airship From Ground.

BY JOHN H. PIERCE.

A bird with four wings and a tail that was simultaneously horizontal and perpendicular, no motive power whatever, a saddle swung centrally for a man to ride, and this was the Santa Clara, and near by was a sister ship of the air named the California. These were the essentials of what several thousand people paid 25 cents admission to the Emeryville race track to see skyhooting through the air. The time was Sunday, 3 p. m.

The sun shone in a cloudless sky, but the trade winds had a busy day, and wind is the terror of the aeronaut.

In France, where Montgolfier invented balloons, they have walls a hundred feet high surrounding spaces known as balloon parks, and there the wind is not a material hindrance, and a dozen hydrogen balloons frequently start within a few hours from one of these inclosures

Lilienthal, Maxim and the Smithsonian professors have, however, abandoned the balloon idea in toto, the dirigible kind included, and yet after years of hard work and millions of money expended no one has made an aeroplane that would take in gate money.

This latter feat has, however, been accomplished by the Santa Clara College professor of mathematics, John J Montgomery, and it is because he has combined the balloon and the aeroplane, something never done before, thus overcoming the almost insurmountable difficulty of launching the ship

The untamed winds, nevertheless, made a sad wreck yesterday, when every one expected to see real navigation of the air.

The ether can be used for rapid transit, and if by birds why not for men?

We may not easily produce wings to beat the air, but the soaring bird moves not a feather in flight He uses no apparent motive power, and this model, the buzzard for instance, seems simplicity itself, and it is "a lesson from the birds" that Professor Montgomery has been taking.

Has he discovered the secret of the passage of the crane, without a stroke of the wing, from the Arctic to the Gulf of Mexico, and again, six months later, the return voyage?

To truly answer this question in the affirmative would be to place the name of this inventor beside the greatest the world has known, and the writer is not in a position to hazard even an opinion, and yet it would seem that Montgomery is moving toward the solution of the vexed problem of aerial navigation in accordance with the rules of nature to be seen every time one looks at a gull while crossing San Francisco bay

That he has accomplished something beyond others is indicated by the lively interest manifested by the people and the press.

If he has merely an improvement in parachutes, which at the first glance seems to be the extent of the invention, the contrivance is well nigh worthless, but unless the reporters are all liars he has an aeroplane which may, when perfected and mastered, become like the bicycle a steed that costs nothing to keep and vastly superior to the bike, for it may jump over rivers and mountains.

And now to the facts of the affair at the race track.

A roped ring, a Montgolfier balloon, a surging mass of people and a busy bunch of policemen keeping the curious from interfering with the work on hand, which consisted of the usual preparations for filling a balloon with hot air, while the professor gave the reporters facts in regard to the flying machines.

The following are among the points imparted

The frame is hickory and pine.

The wings are of cotton cloth.

The front wings are rigid, the rear ones and the tail are subject to the aeronaut who is John Maloney, a young man of twenty-three. He has been a parachute jumper for seven years.

This hero of the heavens appeared in a bath robe with a jockey's cap and under this garb he wore the tights and spangles of the showman.

"Surely you will not tempt this howling wind?" was the query the writer made, and Montgomery's answer was "Yes, we will, come what may, and I want to say in the TRIBUNE, that nothing could prevent us from trying to do as we advertised."

First a huge burlap screen was hoisted to catch the wind, but the masts buckled and it was finally lowered to avoid an accident. It was then apparent, even to the inexperienced, that a wreck was more than probable.

Without any shield from the fury of the air the balloon lashings were cut off, the fire was started and an Oakland man, Nels Larsen, took the post inside the baloon, while the constant use of kerosene on the flames soon developed an expanse of cotton cloth that cracked and surged in the gale

Larger and larger grew the baloon, higher and higher it rose, until it was nearly ready to attach the aeroplane. It was held by hundreds of men who were dragged around in spite of their combined efforts. Minot impulses were sustained by the baloon and quickly repaired, when finally a gust of wind, more violent than its predecessors, made a hugh rent and in a moments time a dangling mass of sooty rags, a huge cloud of inky smoke and an excited crowd that surged over the wreck was all that remained.

By the furnace a form was found, apparently lifeless, the man inside the balloon had been overcome by the poisonous gases, the product of combustion.

It was a pitiful sight, for the inky blackness of the soot could not hide the deathly paller, nor obscure the foam at the mouth. Professor Montgomery left his property to care for his workman and stayed by him until with a doctor's assistance, he recovered.

A grand rush was made for the cars, and even the policemen went to supper, leaving the valuable aeroplanes to such fate as the crowd might choose to send

It was however, an admirably well behaved mass of humanity, and whatever damage was done resulted from boyish impetuosity

The customary vandalism resulting from the anger of a disappointed crowd was wholly lacking, while sympathy for the unfortunate found general expression.

The inventor now offers the Oakland public a free exhibition of his flying machine at an early date

TRIES TO ROB A PASTOR

POINT RICHMOND PREACHER PUTS A WOULD BE HIGHWAYMAN TO FLIGHT.

POINT RICHMOND, June 26.—A bold highwayman was almost caught by the prompt action of the Rev. D. W. Calfee Thursday night, but the fellow lost nerve when the preacher confronted him and made his escape by running.

Thursday night at 10:30 o'clock a well dressed young man made his appearance at the door of the Rev. Calfee and begged pardon for intruding, saying he was out of money and demanded a contribution.

The pastor replied:

"Come in, young man, and be seated. I will blow my whistle and call the night watchman. He will see that you have a place to sleep and something to eat."

The would-be robbed begged "for God's sake, Mister, do not call the police," but the whistle was brought into service. The fellow at two bounds cleared the steps and disappeared in the darkness.

The same fellow called at five other houses before he appeared at the Domiffe's. In two instances where there was no one but women at home he intimidated them and secured money.

HIGHWAYMAN FOILED.

J. P. Arnold and M. W. Truitt were going home Wednesday night from their store with about $200 in cash and when near Dimick's barn on Richmond avenue a man confronted them with a gun and demanded their valuables. They took chances and ran and the robber's nerve failed. He did not fire. Constable Frank Moltoza was notified and arrested a stranger that fitted the description, but he could not be identified.

CONVICTS MUST WORK.

The work of building the new prison will be commenced at San Quentin, just across the bay from Richmond, on the first of the month. Four hundred convicts have been selected to perform the labor. The selecting of the men caused a stir in the different departments of the prison, where the prisoners have enjoyed comparatively easy times. Two hundred men will be taken from the jute mill. This means that the remaining convicts will be unable to finish their task at 1:30 p. m. and they will have to work longer. There are one hundred men in the kitchen and dining-room and forty of these will be withdrawn. The laundry now has some sixty men. Half of these also will be called to the new work.

The draft will reach almost the entire force in the prison foundry, where fifty convicts are supposed to work. Forty of these will go to the construction gang.

ESTATE APPRAISED.

John E. Bouquet, John E. Moltoza and Joseph Rosa Pereira have filed the inventory and appraisement of the estate of Augustine de Conto Barrao, deceased. The estate is both real and personal property. The real property consists of 38.86 acres and its estimated value is $3,886. The personal property is appraised at $328, making a total of $4,214.

CITY IS GROWING.

Census Marshall R. G. Stitt is making excellent progress with his work of enumerating the inhabitants of the proposed municipality. He is more than half through now and is of the opinion there will be fully 2500 people within the boundaries.

BUILDING NEW WHARF.

The Healy, Tibets Company has been awarded a contract to construct a 600 foot wharf at Point Molate for the East Shore Belt Line Company and have already begun construction work. There will be something doing along the Belt Line for the next few months.

TO BUILD TANKS.

The boilermakers are already at work on the two big tanks out near Point San Pablo. A coach load of them are taken out every morning by the switch engine and brought back again in the evening.

WILL NOT BE MOVED.

W. A. Bissell, assistant traffic manager of the Santa Fe, writes that the report that the freight yards and the terminal of the company will be moved to Oakland is incorrect.

WILL RECOVER.

Joe Gularte, the man who got his skull crushed at the oil refinery by falling twenty feet off a tank and striking the iron floor with his head, will probably recover. He is now fully conscious and improving every day.

A QUIET WEDDING.

George Scheth and Miss Maybelle Dole were united in marriage at the home of George C Henley Friday evening. The ceremony was performed by Rev. A. C. Austin, of the Baptist Church, in the presence of a number of relatives and friends of the contracting parties.

YOUNG LADY DIES.

Word was received here yesterday of the death of Miss Hattie Roestler, at Junction City, Kansas. Miss Roestler died from the effects of a surgical operation for appendicitis. She was well known here, having spent last winter in Richmond with her brother, George Roestler.

MEN THREATENED BY WIDOW

HAYWARDS WOMAN PROTECTS TREES WITH GUN AND CRUTCH.

HAYWARDS, June 26.—Mrs. Bulmer of this place delayed the work of the linemen of the telephone company for over an hour Saturday by making strenuous objections to their clipping the trees before her home. In accordance with the permission of the Town Trustees the employes were topping the trees in order to make a way for their wires, when the woman, who is a widow and a cripple, appeared at her gate and ordered them to desist.

Upon the refusal of the men to stop their work Mrs Bulmer went into the house and reappeared with a revolver, with which she threatened the telephone men.

Without delay the employes came down from the trees and endeavored to expostulate with the widow Finding her obdurate, they had recourse to the strong arm of the law. Marshal Charles Schilling was summoned and took the weapon from the possessor, who resisted to the last After losing the gun she is said to have used her crutch to batter the head of the officer.

Attracted by the disturbance, the neighbors appeared on the scene The trouble was explained to them, and they joined with the Marshal and the linemen in arguing the woman into a more amiable frame of mind. The work was resumed afterward and proceeded with no further interruptions.
